

Coach session topics

Topic	Description	Materials needed
Planning & pacing	The Amplify Coach will work either with a group of teachers or 1:1 with a specific teacher on planning and pacing for their next lesson(s).	• Digital curriculum • Print materials (if applicable)
Data Analysis (Teachers)	The Amplify Coach will meet with teachers in small groups and do a walk-through of the various data provided by Amplify ELA. The teacher(s) will then analyze their own data and set goals around the data for their classes and students.	• Data for at least 4 weeks (ideally in ELA Reporting)
Planning targeted skills instruction	The Amplify Coach will meet with teachers to prepare for targeted skills instruction for their students. This may include reviewing student work, data analysis, selecting activities, and differentiating instruction to address specific skill areas.	• Digital curriculum • Print materials (if applicable) • Access to student work • Data for at least 4 weeks (ideally in ELA Reporting)
Teaching with the Vocab App	The Amplify Coach will meet with teachers in small groups or 1:1 and do a walk-through of the various data points and information available through the Vocab App, and explore how teachers can use this data to support vocabulary instruction.	• Digital curriculum • Data for at least 8 weeks (At least 2 weeks of data in the Vocab App)
Open question forum	The Amplify Coach answers pre-submitted questions from teachers and/ school leaders.	• Pre- submitted questions
