

Coach session topics

Topic & grade span	Description	Materials needed
Analyzing Benchmark Data: Overall Class Performance Grades K-5, 6-8	This PLC meeting focuses on analyzing mCLASS Math benchmark data to understand overall class performance across mathematical domains. Designed to be responsive to needs identified by an Amplify coach or district, it may include support around interpreting benchmark reports, identifying domain strengths and growth areas, or connecting data insights to curriculum planning and instructional next steps.	A device and mCLASS Math login Any school specific lesson planning materials Other specific materials identified by coach prior to session
Analyzing Benchmark Data: Individual Student Performance Grades K-5, 6-8	This PLC meeting focuses on analyzing individual student benchmark performance to identify students needing intervention and plan for targeted support. Designed to be responsive to needs identified by an Amplify coach or district, it may include support around interpreting Benchmark Performance Reports, analyzing Student Results in Domain View, identifying common themes among struggling students, or planning targeted intervention strategies and progress monitoring.	A device and mCLASS Math login Other specific materials identified by coach prior to session
Analyzing Benchmark Data: Trends in Student Thinking Grades K-5, 6-8	This PLC meeting focuses on analyzing trends in student thinking through mCLASS Math benchmark data to understand common patterns in student reasoning and plan re-engagement activities for the whole class. Designed to be responsive to needs identified by an Amplify coach or district, it may include support around interpreting Student Thinking Reports, analyzing Key Insights and Item Analyses, identifying trending misconceptions across students, or designing targeted re-engagement routines.	A device and mCLASS Math login Any school specific lesson planning materials Other specific materials identified by coach prior to session

Coach session topics

Topic & grade span	Description	Materials needed
Progress Monitoring Grades K-5, 6-8	This PLC meeting focuses on planning and using mCLASS Math Progress Monitoring (PM) to support intervention cycles between benchmark windows. Designed to be responsive to site needs, it can include support around selecting priority domains, grouping and scheduling PM, reading the PM report, and revising PM plans.	A device and mCLASS Math login Other specific materials identified by coach prior to session
Open Question Forum Grades K-5, 6-8	The Amplify Coach answers pre-submitted questions from teachers and/or school leaders.	A device and mCLASS Math login
