

# Show What You Know

7.10

Shapes with  
6 faces

Shapes with  
less than  
6 faces

## I can ...

Sort objects into 2 categories and create a real-object graph.

**Directions:** Choose 6 solid shapes. Sort the solid shapes into 2 categories: shapes with 6 faces and shapes with less than 6 faces. Then use the objects to create a real-object graph.
