Activity Book

This Activity Book contains activity pages that accompany many of the lessons from the Teacher Guide for Unit 4. The activity pages are organized and numbered according to the lesson number and the order in which they are used within the lesson. For example, if there are two activity pages for Lesson 4, the first will be numbered 4.1 and the second 4.2. The activity pages in this book do not always include written instructions for students because the instructions would have words that are not decodable. Teachers will explain these activity pages to the students orally, using the instructions in the Teacher Guide. The Activity Book is a student component, which means each student should have an Activity Book.

Take-Home

Dear Family Member,

Today our class started Unit 4 of the program. The Reader for this unit is called *The Green Fern Zoo*. Your student will bring home stories you can read together about zoo keeper Vern and the different types of animals he cares for at the Green Fern Zoo. Remember that reading at home with your student is important for their success as a reader.

In addition, your student's spelling words for this week include the days of the week. Students will practice writing the date, including the days of the week. All of the spelling words this week are Tricky Words. Tricky Words do not play by the rules, meaning there are spellings that do not sound the way students would expect them to. These words need to be memorized, so your student will benefit from practice reading and writing them at home.

Dear Family Member,

Your student has been taught to read words with the vowel digraph, or letter team, 'er' as in *her*. To practice this new spelling, ask your student to cut out the word cards below. In addition to the 'er' spelling, some of the words below are Tricky Words and previously taught spellings. Have your student read all of the words aloud, and arrange the cards to make phrases such as *the herd* and *clerk*. You may also ask your student to copy the phrases onto a sheet of paper. Please keep the cards for future practice.

Take-Home

Dear Family Member,

This is a chapter your student has probably read at school. Encourage your student to read the chapter to you and then talk about it together. Note that the tricky parts in Tricky Words are underlined, and the new sound spellings in this unit are bolded.

Repeated oral reading is an important way to improve reading skills. It can be fun for your student to repeatedly read this story to a friend, relative, or even a pet.

Meet Vern

My name is **Vern**, and I have the best job! My job is to take you kids in to see the Green **Fern** Zoo.

We will see things with wings and things with scales, things that bite and things that sting, things that creep and things that swim.

I have lots of fun facts and tales to share with you. So let's see the zoo and have some fun!

Take-Home

Dear Family Member,

This is a chapter your student has read at school. Encourage your student to read the chapter to you and then talk about it together. The tricky parts in Tricky Words are underlined. Please note that the multisyllable words that students encounter in the Readers and Activity Book will be divided between syllables with a dot. This dot serves as an early cue to assist students in chunking words, and will be omitted in later units.

Repeated oral reading is an important way to improve reading skills. It can be fun for your student to repeatedly read this story to a friend, relative, or even a pet.

Things that Swim

I hope you kids like things that swim, be·cause this is the room where we keep all the fish.

Trout

The fish here are trout. A trout is a fish that swims in cool lakes and creeks. You can see that they have lots of spots and marks. The spots and marks help the trout hide. They make the trout look a lot like the sand on the bed of a creek.

Reef Sharks

Here's a big fish that makes all of the wee fish run and hide. This is a reef shark. It has that name be-cause it likes to make its home close to a reef, where there are lots of fish.

What Reef Sharks Look Like

You can see that the reef shark has fins and a set of gills on its side. You can not see them from here, but this shark has lots of sharp teeth in its mouth.

Food Reef Sharks Like

Would a reef shark bite you? Well, you are not the lunch that this shark would like best. A reef shark likes to feed on squid, crabs, and shrimp. But it would be smart not to get the reef shark mad at you all the same!

Chimps

Next, let's see the chimps. We have ten chimps here at the Green Fern Zoo. You can see them all out there if you look hard.

Food Chimps Like

The one you see here is Bess. She has a snack in her mouth. Bess and the rest of the chimps like to munch on plants, nuts, and seeds.

More Food Chimps Like

Do you see that chimp with the stick? That's Bart. Bart likes to have ants for lunch. To get the ants, he takes a stick and sticks it in an ant hill. Then he lifts it up and licks off the ants. Yum, yum!

Chimps like to munch on plants, nuts, and seeds.

Chimps like to munch on ants.

Max the Babe

The chimp with the rope in his hand is Max. He's just a babe. He was born in March. Bess is his mom.

Max is a lot of fun. He likes to swing on the rope and splash in the pool.

Carl and Norm—Pals or Not Pals?

The two chimps up on the rocks are Carl and Norm. Carl is the one on the left. Carl and Norm are pals. But they were not pals last week.

Last week we gave them a branch from a fig tree for lunch. Norm took the branch and ran off with it. He ate all of the figs. Carl was mad at Norm all week.

But that was last week. This week the two of them are pals.

Chimps like to have fun.

Take-Home

Dear Family Member,

This is a story your student has read at school. Encourage your student to read the chapter to you and then talk about it together. The tricky parts in Tricky Words are underlined in gray. Please note that the multisyllable words are divided between syllables with a dot. This dot serves as a cue to assist students in chunking syllables, and will be omitted in later units.

Repeated oral reading is an important way to improve reading skills. It can be fun for your student to repeatedly read this story to a friend, relative, or even a pet.

Things with Wings

Next, let's see some things with wings.

Puffins

This is a puff·in. He makes his home up north, not too far from the North Pole.

What Puffins Look Like

Look at those cute feet! But they are not just cute. The puff·in's feet help him swim.

Note, as well, his big bill. The puff·in can use his bill to get fish.

Puffins make their home by the North Pole.

Puffins make their home by the North Pole.

How Puffins Are Born

Puff·ins are born from eggs. The puff·in mom and dad sit on their egg. The mom sits. Then the dad sits. In the end, the chick pops out of the shell. The mom and dad take care of the chick un·til it can care for it·self. Look! That puff·in has fish in her bill! She will feed those fish to her chick.

The mom puffin will feed fish to her chick.

The Finch

In this next room, we have a finch. Un·like the puff·in, the finch makes a home in wood·lands. He can use his bill to snap up grass seeds for food.

I'm sad to tell you that the finch is gett·ing to be quite rare. We are proud to have five of them here at the Green Fern Zoo.

The finch makes its home in the woods.

Big Cats

Do you like cats? If you do, look there in the grass. Do you see the cat?

Bobcats

That is not the sort of cat that you keep in your home and feed cat food. That is a bob·cat. Bob·cats are not tame.

Food Bobcats Like

Bob·cats are good hunt·ers. They hunt rabb·its, rats, and some·times deer and sheep.

That bob·cat's name is Rob·ert, or

Bobcats are not tame.

Bob for short. Get it?

Panthers

If you look up on that rock, you will see a cat that's bigg·er than a bob·cat. It's a pan·ther.

What Panthers Look Like

Pan·thers can have spots. They can be tan, too. Here at the Green Fern Zoo, we have two black pan·thers. The name of this one is Jet.

That's Jet's sis·ter, Flash, up on the tree branch. Flash has strong legs that help her run fast. She has sharp teeth and sharp claws that help her hunt rabb·its and deer. She can use her claws to scam·per up a tree if she needs to.

You can see that she is not all black like Jet. She has some spots.

Panthers are bigger than bobcats.

Panthers use their strong legs and sharp claws to get up trees.

Amber the Bat

What Bats Look Like

This is Am·ber. Am·ber looks a bit like a fox. But she has wings and swings from trees. In fact, Am·ber is a bat.

Am·ber needs a lot of room to glide back and forth be·cause she has a wing·span of five feet. In fact, bats like Am·ber are the big·est bats there are!

Bat Homes

Am·ber makes her home here at Green Fern Zoo. She has all the room she needs at the zoo. Some bats like Am·ber make their homes in the trop·ics, where the sun shines and it is hot.

Directions: Have students read the story and answer the questions on the following pages.

Food Bats Like

Bats like Am·ber feed on plant parts and poll·en. They can smell lots of things, so they use their nose to look for food. They use their wings to glide from plant to plant to gath·er their food. In fact, they can trav·el up to 40 miles to gath·er food!

Hanging Upside Down

Look at Am·ber here in the tree. Am·ber likes to do things up·side down. She hangs out up·side down. She sleeps up·side down. When she has food, she clings to the branch with her feet and will munch on her food up·side down! What can you do up·side down?

Dear Family Member,

This is a chapter your student has read at school. Encourage your student to read the chapter to you and then talk about it together. The tricky parts in Tricky Words are underlined. Please note that the multisyllable words are divided between syllables with a dot. This dot serves as a cue to assist students in chunking syllables, and will be omitted in later units.

Repeated oral reading is an important way to improve reading skills. It can be fun for your student to repeatedly read this story to a friend, relative, or even a pet.

Groundhogs

What Groundhogs Look Like

Here you can see a ground·hog.

Ground·hogs have sharp claws that help them dig holes in the ground. They spend a lot of time down in those dark holes.

Food Groundhogs Like

Ground·hogs like to feed on grass and plants. But when they run out of their holes to get food, they have to be on the look·out. Some critt·ers, like bob·cats and snakes, like to dine on ground·hogs. This ground·hog here is sitt·ing up to see if there is a snake or a bob·cat close by.

More Food Groundhogs Like

This ground·hog is named Pepp·er. We feed her grass, tree bark, and in·sects, but the food that she likes best is corn. We found that out yes·ter·day morn·ing when she got out from her pen.

We found her in the pett·ing zoo. She ate a lot of the corn that was there for the ducks and hens.

Termites

Food Termites Like

What do you kids like to have for lunch? Hot dogs? Chick·en nugg·ets?

What if I gave you a lump of wood or a big tree stump for lunch? Would you like that?

Well, if you were a ter·mite, you would like it. Ter·mites are in·sects that like to munch on wood.

A Termite Home

See this big spike stick·ing up from the ground? It looks sort of like a

rock, but it is a **ter·mite** mound. If you could look in·side, you would see lots of **ter·mites**.

What Termites Look Like

If you would like to see what **ter·mites** look like, take a peek in this box.

As you can see, **ter·mites** look a lot like ants. They have six legs like ants. A **ter·mite** mound has a queen who makes eggs, just like in an ant·hill. Here you can see that the **ter·mite** queen is much **bigg·er** than the rest of the **ter·mites**.

Would a **ter·mite** munch on your home? It would if your home is made of wood. The **ter·mites** from a big mound could have your liv·ing room for lunch and your bed·room for dinn·er!

Acknowledgments

These materials are the result of the work, advice, and encouragement of numerous individuals over many years. Some of those singled out here already know the depth of our gratitude; others may be surprised to find themselves thanked publicly for help they gave quietly and generously for the sake of the enterprise alone. To helpers named and unnamed we are deeply grateful.

Contributors to Earlier Versions of These Materials

Susan B. Albaugh, Kazuko Ashizawa, Kim Berrall, Ang Blanchette, Nancy Braier, Maggie Buchanan, Paula Coyner, Kathryn M. Cummings, Michelle De Groot, Michael Donegan, Diana Espinal, Mary E.
