## Chapter 1 Home Investigation: Food Mixtures

1. Interview two people at home about mixtures they've made in the kitchen.
2. Record each person's name and then ask the questions below.
3. Record each person's responses on the lines below each question.

**Person 1:** \_\_\_\_\_

Describe a mixture you've made out of different ingredients.

---

---

---

What were some of the properties of the ingredients before you mixed them? Did the mixture have the same or different properties?

---

---

---

**Person 2:** \_\_\_\_\_

Describe a mixture you've made out of different ingredients.

---

---

---

What were some of the properties of the ingredients before you mixed them? Did the mixture have the same or different properties?
