

Administration and instruction essentials: Online course

This document provides information about content and preparation for the Louisiana K-3 Literacy Screener Administration and instruction essentials course for teachers.

Description

This course prepares teachers to administer and score the mCLASS DIBELS 8th Edition assessment. Upon successful completion of this course, teachers will be ready to leverage mCLASS reports and lessons to accelerate data-driven student outcomes.

The course includes seven self-paced modules and will take approximately 8 hours to complete. To successfully pass the course and generate a certificate of completion, learners must achieve a minimum score of 80% on the check for understanding questions and visit 80% of the course pages. Learners will be able to access and revisit this course as needed for up to one year.

Objectives

Upon completion of this course, learners will be able to:

- Explain how DIBELS 8th Edition assesses the basic early literacy skills required for students to become proficient readers.
- Develop fluency in administering and scoring mCLASS assessment measures according to standardized guidelines.
- Interpret student data and identify instructional needs.
- Navigate targeted skills-focused lessons available in mCLASS to plan differentiated instruction.
