Introduction

UNIT 2 OVERVIEW

Sound/Spelling Correspondences

In Unit 2, you will introduce five new vowel sounds and the most common (or least ambiguous) spelling for each sound:

- /ee/ spelled 'ee' as in *seed*
- /ae/ spelled 'a_e' as in *cake*
- /ie/ spelled 'i_e' as in *line*
- /oe/ spelled 'o_e' as in *hope*
- /ue/ spelled 'u_e' as in *cube*

The digraph 'ee' and the separated digraphs were taught in Unit 10 of the Kindergarten curriculum, so some or all of this may be review for students.

SEPARATED DIGRAPHS

The 'ee' spelling for /ee/ is a vowel digraph similar to the consonant digraphs students have already learned ('ch', 'sh', 'ng', etc.). The spellings for the sounds /ae/, /ie/, /oe/, and /ue/ are also digraphs, but they are digraphs of a different sort. In this program, these are called *separated digraphs*. The two letters are still working together (as a letter team) to stand for a single sound, but the letters are separated from each other by another spelling. The intervening spelling will always be a consonant spelling, and it will generally be a single-letter spelling as in *same*, *wide*, *tone*, and *cute*. There are a few words in English in which a consonant digraph stands between the two parts of the separated vowel digraph: *ache* is one example. These are not taught in Grade 1.

STRATEGY FOR READING SEPARATED DIGRAPHS

Reading separated digraphs involves a significant departure from the left-to-right letter-sound decoding students have employed up to this point. Students have been taught to read from left to right, but in order to read words with separated digraphs, they need to begin scanning to the right and then glancing back again to the left.

To get a sense of what students are trying to accomplish, consider what is involved in reading the following three words: *ham*, *sham*, *shame*.

- To read *ham*, the reader needs to inspect each letter, remember which sound each letter represents, and then blend the three sounds together.
- To read *sham*, the reader must do all of these things but must also recognize that 's' and 'h' are a letter team. The reader may need to discard a first impression that the word begins with two consonant sounds, /s/ followed by /h/.
- To read *shame*, the reader must perform all of the tasks mentioned above while also scanning ahead, spotting the letter 'e', connecting the letter 'e' to the letter 'a', and remembering that these letters stand for the /ae/ sound. When you add all of these things together, you have a complicated procedure that students must practice many times before it becomes automatic.

MARKING AND POINTING TIPS

One of the goals of this unit is to help students learn to see and process separated digraphs as single spelling units. Here are a few ideas about how you can do that.

First of all, there are marking conventions that point out the connection between the letters. In the Teacher Guide, a caret is placed below the letters to show the connection between the letters of a separated digraph:

The word "bike" is displayed in a simple, sans-serif font. A small, downward-pointing caret mark is positioned below the space between the letters 'i' and 'k', indicating the connection between them.

Some teachers prefer to mark the connection with an arch over the top:

The word "bike" is displayed in a simple, sans-serif font. A curved arch mark is positioned above the space between the letters 'i' and 'k', indicating the connection between them.

Students can be asked to circle the letters and letter teams that stand for individual sounds. They can make an amoeba-like shape that encompasses the 'i' and the 'e' in *bike*, like this:

You can also reinforce the connection by using a pointing tip. When pointing to single-letter spellings or normal digraphs (written with letters sounded side by side), use a single pointing finger. When you point to a split digraph, pop out a second finger to make a 'V' sign, with one finger pointing at the first letter in the separated digraph and the other pointing at the final 'e'.

Note that the split-finger 'v' point looks very much like the caret used in the Teacher Guide. That is one reason why this program prefers that style of notation.

All five of the new spellings taught in this unit are bolded, both in the Reader and the majority of the activity pages. The bolding in a word like **game** is intended to remind students that the 'a' and 'e' are working together. You should continue to monitor student performance and give extra support to students who need it.

SILENT 'E' AND MAGIC 'E'

In years past, you may have spoken of the 'e' in words like *name* or *note* as silent 'e'. Or you may have used the phrase *magic 'e'*. Of these two phrases, *magic 'e'* is preferred. There are some problems with telling students that some letters are silent. For one thing, if you think about it, all letters are silent. If they could speak, we would not have to read them and turn them back into sounds. Also, the phrase *silent letter* may lead some students to believe that only some letters in a word matter as far as determining the pronunciation of the word, while others have no purpose. In fact, the 'e' in *kite* is every bit as important in terms of determining pronunciation as the 'i'. Without the 'e', the word would be pronounced *kit*. All in all, *magic 'e'* seems to be a better way of capturing what the 'e' is doing in these spellings than *silent 'e'*. *You are encouraged to avoid teaching the concept of silent 'e' in this unit and silent letters in general.* In most cases, it is more useful to think of all of the letters in a word as representing a sound, either singly or in tandem with other letters. For example, in the word *light*, it is more useful to think of 'igh' as standing for /ie/ than to think of 'i' as standing for /ie/ and 'gh' as being "silent."

INDIVIDUAL CODE CHART

Students will continue to use the Individual Code Chart in Unit 2. As you teach new sound/spelling correspondences, students will fill in the information in the Individual Code Charts. You can encourage students to use their own charts when reading and writing on their own.

TRICKY WORDS

In this unit, eleven Tricky Words are introduced. All of these words are high-frequency words that cannot be pronounced accurately using blending and the letter-sound correspondences taught so far.

Lesson	Tricky Words Reviewed
2	he, she, be, me, we
5	they, their
10	my, by
13	you
14	your

Every Tricky Word has at least one tricky part. However, few of these words are completely irregular. For most of them, there are some parts that are pronounced and written just as one would expect, but there are other parts that are tricky and need to be memorized. With each word, you are encouraged to make an effort to point out which parts are regular and can be blended and which parts are not regular or contain spellings not yet taught. These parts must simply be remembered.

Once a Tricky Word has been introduced in a lesson, it will be underlined in the Reader and on activity pages until it has occurred approximately twenty times, as a signal that the word is tricky.

It is highly recommended that you assess each student's recognition of these words at both the beginning and end of the unit. Assessment materials are included in Teacher Resources. You may also choose to copy and send home the Family Letter and Flash Cards included in Teacher Resources for practice at home.

If you have a Tricky Word Wall in your classroom, you may want to write each of these new words on a yellow index card and add it to the word wall as it is introduced.

DECODABLE READER: GRAN

The Reader of this unit is called *Gran*. It is about a well-traveled grandmother who visits her two grandchildren, Josh and Jen. You will present some of the stories in the Reader as demonstration stories. This will allow you to model the process of reading separated digraphs. Each story includes tips for introducing the story and is accompanied by a set of discussion questions meant to be answered orally after students have read the story. This will allow you to make sure students have understood the story, and will also give them the chance to see if their predictions (if they made one prior to reading the story) have turned out to be correct.

When reviewing the discussion questions, please remember to encourage students to answer in complete sentences and to identify which part of the text supports their answer.

STORY QUESTIONS ACTIVITY PAGES

Story questions activity pages are included for most stories. Students are asked to read the questions on the activity page and to either print their answers in the space provided or check the correct answers, in the case of multiple-choice questions. Rereading of the stories is recommended. You should encourage students to answer the questions using complete sentences. As you assess students' writing on the story questions activity pages, you are encouraged to accept all phonetically plausible spellings. For example, you should, for the time being, accept *funnee* for *funny*, *wate* for *wait*, *nite* for *night*, and *bote* for *boat*, as students have not yet learned the spelling alternatives.

GRAMMAR

The grammar lessons in this unit focus on nouns, including proper nouns, and sentence building. Grammar is reviewed in some of the Warm-Ups as well. Have students practice their noun identification skills whenever they are reading a story from the Reader of this unit.

UNIT 2 ASSESSMENTS

Formative Assessments and Additional Support

Throughout this unit, formative assessments are clearly marked for monitoring individual student performance and progress in key skills, including oral reading of decodable stories and understanding of those same stories.

Observation records for recording student performance are included in Teacher Resources. You may want to have a clipboard with the blank Anecdotal Reading Records, one for each student in the class, arranged in alphabetical order. A second clipboard may be used to hold other observation records, such as the Discussion Questions Observation Record.

Quick “Checks for Understanding” are also designated throughout various lessons.

Careful attention to this information, collected on a daily basis, will enable teachers to quickly determine which students may benefit from reteaching and/or more practice in particular skills, using the Additional Support activities found at the end of each lesson.

Student Performance Assessment

In Lesson 18, you will be prompted to administer a multipart assessment. In the Word Recognition Assessment, students will be asked to look at several words on the designated activity page and then circle the written word which matches the spoken word you say. The target words include the vowel sound spellings taught in this unit; distractors have been intentionally selected because they represent frequent sound/spelling confusions. Student performance on this assessment is a good indicator of whether students have mastered the new sound spellings.

Students will also be asked to independently read a new story in *Gran* and then answer written comprehension questions about the selection.

In Lesson 19, you will administer a simple assessment to determine whether students are able to identify examples of nouns that may be a person, place, or thing.

Use the results of these assessments to inform your instruction and grouping and to help you determine how to best use the Pausing Point exercises before advancing to Unit 3.

In order to track students' progress over the school year, create an individual assessment portfolio for each student and place his or her assessments and running records in it. This will allow you and parents to see the progress students have made in the course of the year. It might also be helpful to have the portfolios travel with students from grade to grade. The progress students have made over the school year will then be even more apparent.

PAUSING POINT

An extensive listing of additional activities to teach and practice Unit 2 skills can be found in the Pausing Point section included after the last lesson. Pause for 2 or 3 days to provide targeted remediation for individual or groups of students in any areas in which they performed poorly on the end-of-unit assessment.

TEACHER RESOURCES

In the Teacher Resources section at the end of this Teacher Guide, you will find forms and charts which may be useful, including the following:

- Tricky Word Family Letter
- Tricky Word Flash Cards
- Tricky Word Assessment Record: Beginning and End of Unit 2
- Tricky Word Assessment List

ADDITIONAL MATERIALS

Some additional materials (most typically available in Grade 1 classrooms) are needed for specific lessons. These materials are always listed in the Lesson at a Glance chart at the beginning of each lesson. For your convenience, a list of these additional materials is included here. The number in parentheses indicates the first lesson in which the materials are used:

- thin-tipped green markers (one per student) (1)
- blank index cards (2)
- envelopes, plastic bags, or binder rings for each student's Tricky Word Cards (2)
- yellow index cards for Tricky Word Wall (2)
- magnetic letters, alphabet blocks, etc. (3; optional)
- kitchen timer (7)
- digital components: throughout this unit and others, whenever the lesson suggests the teacher model the completion of an activity page or prepare a chart to display, you may use the digital version provided on the program's digital components site. (1)

WARM-UP (10 MIN.)

Code Flip Book Review

- Before beginning the activity, take out and display the Vowel Code Flip Book within view of all students; ensure students have their Individual Code Charts.
- Remind students that the Individual Code Chart contains spellings for vowel sounds. Tell students that they can use their charts when they need reminders about how to sound out and write vowel spellings.
- Write the word *flat* on the board/chart paper. Tell students that if you came to this word and were unsure how to say it, you could use the Individual Code Chart to help figure out how to pronounce it. Point to the 'a' in *flat* and ask students to find this spelling on **page 1** in the **Individual Code Chart**. Ask students, "What example word is under this spelling?" (*hat*) If the letter 'a' for this word is pronounced like /a/ in *hat*, then I can try the same thing for this word: /f/ /l/ /a/ /t/, *flat*. Check to make sure it sounds right."
- Show students the /a/ > 'a' sound/spelling in the **Vowel Code Flip Book** on **page 1**.
- Review by saying, "This tells us that /a/ is spelled with the letter 'a' in written words. The power bar here shows me that this is a common way to write /a/, so if I was trying to spell and write a word with the /a/ sound (*flat, clap, snap*),

Code Materials

Support

Pull students struggling with identifying the correct sound in the Vowel Code Flip Book for small group practice with other words that contain short vowel spellings at another point in time.

Challenge

Display a list of words that students may use to practice using their Individual Code Charts independently, finding the appropriate short vowel spellings for each word. (*pen, pig, hog, jump, pan, ten, fog, bug, sit, lap*)

I would spell it with the letter 'a.'" (In fact, it is the only spelling for /a/ taught in Grade 1; less common spellings such as 'au' as in *laugh* and *aunt* will be taught in later grades. This information can be deduced based on the fact that there are no other spots on the chart in this row for other ways to spell /a/.)

- Review all of the remaining short vowel sound/spelling correspondences /e/, /i/, /o/, /u/ using **Vowel Code Flip Book pages 2–5**.
- Tell students to keep their Individual Code Charts on their desks, as they will learn a new sound/spelling today.

INTRODUCE THE SOUND /EE/ (5 MIN.)

Hear Medial Sounds: /ee/ or /e/

- Tell students that today's sound is /ee/ as in *feet*.
- Have students say the /ee/ sound several times.
- Ask students to repeat the following words that have the /ee/ sound at the beginning: *eat, each, east, eagle*.
- Ask students to repeat the following words that have the /ee/ sound in the middle: *peace, greet, meat, heat*.
- Ask students to repeat the following words that have the /ee/ sound at the end: *bee, me, key, tree*.
- Ask students if they think /ee/ is a vowel sound or a consonant sound. (It is a vowel sound, made with an open mouth and an unobstructed flow of air.)
- Tell students that you are going to say a number of words. Some of the words will have the /ee/ sound as their middle sound and some will not.
- Have students close their eyes and listen carefully. Tell students to raise their hands when they hear a word that has the /ee/ sound as its middle sound.

Note: Remember that this is oral practice. Students are only listening for the /ee/ sound, not seeing the different spellings.

- | | |
|----------|---------|
| 1. cheek | 5. pin |
| 2. cheap | 6. deep |
| 3. bed | 7. bean |
| 4. meet | 8. hen |

Support

If students have trouble hearing a word's middle sound, say the word in a segmented fashion: /ch/ ... /ee/ ... /k/, and then repeat the word in its blended form, *cheek*.

Gather pictures of the words listed to provide students with visual support.

Challenge

For extra segmenting practice, have students segment each word before deciding if it contains the /ee/ sound.

Check for Understanding

Have students close their eyes and listen carefully. Tell students to raise their hands when they hear a word containing the /ee/ sound.

INTRODUCE THE SPELLING /EE/ > 'EE' (10 MIN.)

TEKS 1.2.B.iii

Teacher Modeling

- Tell students that you are going to show them how to write the /ee/ sound.
- Write 'ee' on handwriting guidelines, and explain that the two letters work together to stand for the /ee/ sound.
- Model drawing the spelling two or three more times, repeating the sound each time you write it.
- Turn to **Vowel Code Flip Book page 7** and put the Spelling Card /ee/ > 'ee' (bee) on the appropriate space. Have students read the sample word. Discuss the power bar. Explain that the mid-length power bar means that the /ee/ sound is sometimes spelled this way, but not always.

Vowel Code Flip Book	Individual Code Chart
1. /ee/ > 'ee' (bee) page 7	1. /ee/ > 'ee' (bee) page 2

- Have students trace the spelling on their desks with a pointed finger while saying the sound.
- Now have students find the 'ee' spelling on their **Individual Code Chart page 2** and trace the code information in green marker. Remind students that when they see 'ee' when reading, they can look at the Individual Code Chart if they need help remembering how to sound out this spelling.
- Tell students that whenever the spelling 'ee' appears on an activity page or in a story for the next few lessons, it will be printed in darker, bolder ink to remind them that the two letters stand for a single sound.

TEKS 1.2.B.iii Demonstrate and apply phonetic awareness by decoding words with closed syllables; open syllables; VCe syllables; vowel teams, including vowel digraphs and diphthongs; and r-controlled syllables.

Code Materials

Note: You may have students who know that some of the words they listened to earlier, such as *eat*, are written with spellings other than 'ee'. If students point this out, congratulate them for recognizing this and already knowing other spellings for the /ee/ sound. Tell them they will learn these spellings for /ee/ at a later time, and for now they just have to focus on the 'ee' spelling.

PRACTICE /EE/ > 'EE' (10 MIN.)

Small Group

- Distribute Activity Page 1.1.
- Review how to write the spelling of /ee/.
- Instruct students to copy the spellings and words printed on the front of the activity page.
- As a class, look at the back of the activity page. Review the names of the pictures and ask students to read the words in the box at the top.
- Divide students into groups for small group time.

Group 1: Ask students who are able to do independent work to complete the activity page on their own or with a partner. If students finish early, they can illustrate and write a sentence about one of the words in the chart you prepared in advance.

Lesson 1: “Gran’s Trips”

Reading

Primary Focus

As the teacher reads “Gran’s Trips” aloud, students will identify features of a sentence, as well as answer questions about literal and evaluative questions about key details, characters, and main events of the story.

✦ **TEKS 1.6.G; TEKS 1.11.D.viii; TEKS 1.11.D.ix**

Students will develop handwriting by printing legibly and leaving appropriate spaces between words. ✦ **TEKS 1.2.F**

INTRODUCE THE READER AND STORY (5 MIN.)

- Load the digital version of the story “Gran’s Trips” or use the *Gran* Big Book.
- Tell students that today they will begin reading a story from their new Reader, *Gran*, as you read aloud from the Big Book.
- Show students the cover and point to the title.
- Have students read the title, and then ask, “What do you think the name *Gran* is short for?” (*Grandma* or *Grandmother*)
- Tell students that this book has three main characters: Gran and her grandchildren, Josh and Jen. Remind students that characters are the main people in the story. In this book, Gran is very adventurous and likes to try new things.
- Show students the table of contents, pointing to the first story and reading the title “Gran’s Trips.”
- Remind students that a story’s title often provides a clue as to what the story is about. Based on the title, ask students what they think this story might be about.
- Point to the apostrophe in *Gran’s*. Tell students that this punctuation mark, which looks like a comma “up in the air” is called an apostrophe. It tells us that the next word after *Gran’s*, *trips*, belongs to Gran. Write the following examples on the board/chart paper and have students explain what the apostrophe means in these examples: *Nat’s cat* and *Beth’s mom*.

✦ **TEKS 1.6.G** evaluate details to determine what is most important with adult assistance; **TEKS 1.11.D** Edit drafts using standard English conventions, including (viii) capitalization for the beginning of sentences and the pronoun “I”; (ix) punctuation marks at the end of declarative, exclamatory, and interrogative sentences; **TEKS 1.2.F** Develop handwriting by printing words, sentences, and answers legibly leaving appropriate spaces between words.

Big Book

Page 2

- Using a map, show students the various places Gran has traveled: the Swiss Alps, Hong Kong, the gulf of Mexico. Talk about the different features of each place and possible things that Gran could do while visiting those places. The Swiss Alps has many high mountains covered with snow, Hong Kong is a big, busy city, and the gulf is a part of the ocean where the water is generally warm.

Foundational Skills

- Gather the Large Cards listed in the Lesson at a Glance chart for Sound/Spelling Review.
- Prepare five blank index cards and an envelope, plastic bag, or binder ring, for each student to use for Introduce Tricky Words. Students will need to save the Tricky Word cards they create in this unit for use in future units.

Reading

- Load the story “Gran’s Trips” from the Teacher Resources on the program’s digital components site or prepare to display the *Gran Big Book*.

➤ Digital Component 2.1

- Create the Preview Spellings chart (Digital Component 2.1) for Introduce the Story on the board/chart paper, or use the digital version.

- Gather pictures to support the following noun phrases for the Warm-Up: *tall man, green grass, big book, small school, blue birds, red car, hot beach, pink flower, hot soup, yellow sun*.
- Provide students with individual whiteboards for Introduce Tricky Words.
- Gather pictures of fangs or fangs from a Halloween costume to support vocabulary for Teacher Demonstration: Read “The Pet.”

Lesson 2: Common and Proper Nouns

Primary Focus: Students will identify common nouns in short phrases.

TEKS 1.11.D.iii

WARM-UP (5 MIN.)

Noun Identification

- Remind students that they have learned about a part of speech called a noun that can be a person, place, or thing.
- Say, “tall man,” have students repeat the phrase, and ask them to identify which word is a noun. (*Man is a noun.*)
- Ask students if the noun *man* names a person, a place, or a thing. (*It names a person.*)
- Repeat with the remaining phrases.

Note: Remember this is an oral activity, and students should not be expected to read these phrases, as they are not yet decodable.

Using Nouns and Noun Phrases

Use pictures of *tall man*, *green grass*, *big book*, *small school*, *blue birds*, *red car*, *hot beach*, *pink flower*, *hot soup*, and *yellow sun* as a visual support during Noun Identification. Tell students that the answer to the question, “Who (or what) is this?” is the noun in the phrase. The other words in the phrase describe the noun.

ELPS 4.F

Check for Understanding

Repeat each phrase, pausing after each word. As students identify the noun in each phrase, monitor responses and make note of students needing additional support identifying the noun in the phrase.

TEKS 1.11.D.iii Edit drafts using standard English conventions including singular, plural, common, and proper nouns.

Lesson 2: Vowel Digraphs and Tricky Words

Foundational Skills

Primary Focus

Students will decode one-syllable words with /ee/ > 'ee', /e/ > 'e', /i/ > 'i'.

✦ **TEKS 1.2.B.iii**

✦ Students will read the following Tricky Words: *he, she, be, me, we*. **TEKS 1.2.B.vi**

SOUND/SPELLING REVIEW (5 MIN.)

- Gather the Large Letter Cards listed in the Lesson at a Glance. Be sure to include vowel spellings and go over the 'ee' spelling for the sound /ee/ at least twice.
- Hold up each card and have students say the sound represented by the spelling on the card. If the spelling is a letter team, you could have students also name the letters.
- After students say the sound represented on each card, ask them to identify whether it is a vowel or consonant sound. (Students could hold up fingers depicting 'v' or a 'c' so you can monitor each student individually and give additional support as needed.)
- Sort the letter cards into two separate piles—vowel spellings and consonant spellings. Ask students whether they know more consonant or vowel spellings. (*consonant*)

TEACHER CHAINING (10 MIN.)

- Remind students that when we read a word that has the letter 'e', one 'e' is usually pronounced /e/, and the two 'e's side by side are usually pronounced /ee/.
- Write *fed* on the board/chart paper.
- Ask the students to read the word in their mind, first in a segmented fashion and then blended.
- Change 'e' to 'ee' to create the word *feed*.
- As you make this change, say, "If that is *fed*, what is this?"

✦ **TEKS 1.2.B** Demonstrate and apply phonetic knowledge by (iii) decoding words with closed syllables; open syllables; VCe syllables; vowel teams, including vowel digraphs and diphthongs; and (vi) identifying and reading at least 100 high-frequency words from a research-based list.

Large Letter Cards

- Ask students which sound or letter you changed in the word *fed* to get the word *feed*. Ask them whether you changed the first, middle, or last sound or letter.
- Continue the process with the remaining words.
- When you have come to the end of the first chain, erase the board and begin the next chain.

1. fed > feed > need > weed > wed > bed > bet > beet > feet > fit
2. step > steep > sleep > seep > seed > see > bee > fee > free > flee

INTRODUCE TRICKY WORDS: HE, SHE, BE, ME, WE (10 MIN.)

Tricky Word: *He*

- Write the Tricky Word *he* on the board/chart paper and ask students how they would pronounce it by blending. (They might say /h/ /e/: heh.)
- Explain that this word is actually pronounced /h/ /ee/, as in, “He is nice.”
- Point to the letter ‘h’ and explain that it is pronounced /h/, as they would probably expect.
- Underline the letter ‘e’ and explain that it is the tricky part of the word. Ask students, “What sound do you expect to make when you read this spelling?”
- Students would probably expect this letter to be pronounced /e/. Say the word *he* as /h/ /e/, Ask students, “Does that sound right?” Tell students that *he* is a Tricky Word.
- Tell students that when reading *he*, they should try to remember to pronounce the letter ‘e’ as /ee/.
- Tell students that when writing *he*, they have to remember to spell the /ee/ sound with the letter ‘e’.
- Have students copy the word on an index card and underline the tricky part of the word, ‘e’.

Tricky Words: *She, Be, Me, and We*

- Write the word *she* on the board/chart paper. Ask students, “If this Tricky Word follows the same pattern as the word *he*, how would we read it?”
- Tell students that *she* is tricky in the same way that *he* is, meaning the letter ‘e’ is pronounced /ee/, and not /e/ as they would expect.
- Repeat these steps for the words *be*, *me*, and *we*.

Support

Add these Tricky Words to the Tricky Word Wall to provide students with a quick visual reference.

Support

Have students use individual whiteboards to write and erase each word as you do.

- Have students copy each word on an index card and underline the tricky part of the word.
- Have students place the index cards in front of them. Say one of the Tricky Words in a sentence and have students hold up the correct card. Have one student say a phrase or sentence that contains the Tricky Word.
- Have students keep the cards for later use.

Note: You may wish to write the tricky words *he, she, be, me, and we* on yellow index cards and add them to the Tricky Word Wall.

Lesson 2: Common and Proper Nouns

Language

Primary Focus: Students will identify the nouns in short phrases and will distinguish between common and proper nouns. **TEKS 1.11.D.iii**

IDENTIFY PROPER NOUNS (10 MIN.)

- Remind students that they have learned about nouns that name people, places, or things.
- Explain that today students will learn about special kinds of nouns called proper nouns. They are called proper because they name someone or something specific.
- Say: “*Jane and girl.*” Ask students which noun refers to a specific person. (*Jane*)
- Explain that *Jane* is a proper noun because it names a specific person.
- Explain that each person in the room has a proper noun for their name.
- Say a student’s name and ask that student to raise his or her hand. Point out that not everyone has this name, so we know it refers to a specific person.
- Then say the word *girl* and ask all the girls in the class to raise their hands.
- Point out that the word *girl* refers to many students in the class, not just one. Therefore, it is not a proper noun.
- Repeat this procedure with a boy’s name and the boys in the class.

Support

Modify this explanation if you have students with the same first name by referring to their full name.

TEKS 1.11.D.iii Edit drafts using standard English conventions including singular, plural, common, and proper nouns.

- Summarize the proper noun information by asking students why we have proper nouns. (Students should understand that there are particular or specific people or things that need to be named so they can be identified.)

Check for Understanding

Have students give an example of a proper noun as they transition to the next activity or exit the classroom.

- Read the story once without interruption, running a finger or pointer beneath the words as you read them. Then use the following prompts and discussion questions and read the story a second time.

Page 10

- **Gran says . . .** Point out the quotation marks that enclose Gran’s statement and remind students that when quotation marks frame words in the text, they show the exact words that one of the characters is saying or said.
- **“What can it be?”** Remember that question marks come at the end of sentences that are questions.
- What is a proper noun on this page? (*Jen, Gran, Josh*) What is a noun that names a thing? (*pet, fish, dog*)

Page 12

- **“. . . but he is long.”** Think about it: what type of pet might not be big (motion something large with hands), but long (stretch arms out to show *long*)?
- **“Has he got teeth?”** Here the ‘ee’ is in bold print to remind us of this new spelling.
- **“That must be him!”** There is a special punctuation mark that comes at the end of a sentence that tells us the sentence is to be read with excitement. It is called an exclamation point. When we see it, it tells us to read the sentence with excitement. It sounds like this: (reread the sentence with excitement). Have students try to read the sentence with you, making sure to add excitement to their voice.

Wrap-Up

- Use the following questions to guide discussion about the story. Remind students to answer in complete sentences, restating part of the question in their answer:

Discussion Questions for “The Pet”

1. **Literal.** When did Gran get a pet?
 - » Gran got a pet on her trip.
2. **Literal.** Josh and Jen make guesses about the pet. What kind of pet do they think it might be?
 - » Josh and Jen guess that the pet might be a fish or a dog.
3. **Literal.** What do we know about how Gran’s pet looks?
 - » We know that Gran’s pet is not big, is long, and has fangs.
4. **Inferential.** What kind of animal do you think Gran brought? What hints are in the text?
 - » Answers may vary.

ADVANCE PREPARATION

Note to Teacher

In this lesson you will introduce the first of four separated digraphs, 'a_e' as in *game*. The two letters of each digraph are working together (as a letter team) to stand for a single sound, but the letters are separated from each other by another spelling. Reading words with separated digraphs therefore poses a new challenge to students. So far, students have been taught to read words from left to right, but in order to read words with separated digraphs, they need to begin scanning to the right and then glancing back again to the left. Students must practice this skill many times before it becomes automatic. Please note that this lesson does not contain a Warm-Up exercise.

Foundational Skills

- You may wish to tab Vowel Code Flip Book page 6 for Introduce the Spelling /ae/ > 'a_e'.
- Gather the Spelling Card listed in the Lesson at a Glance and green markers for Introduce the Spelling /ae/ > 'a_e'.

Reading

- Plan to assign students to small groups. Group 1 is for students who are experiencing some challenges. Group 2 is for students who are able to work more independently. These groups are flexible and should change to meet students' needs. Today you will work with students in Group 1, while students in Group 2 partner read.
- Prepare the Anecdotal Reading Record for use with students in Group 1 as they reread either "Gran's Trips" or "The Pet" aloud.

Universal Access

- Gather pictures of the following words for Introduce the Sound /ae/: *ape*, (*ginger*) *ale*, *game*, *tape*, *cake*, *mane*.
- Gather magnetic letters, alphabet blocks, etc., for students who need extra support during Introduce the Spelling /ae/ > 'a_e'.

Lesson 3: /ae/ > 'a_e'

Foundational Skills

**Primary Focus**

- Students will listen to and orally produce the long vowel sound /ae/ sound at the beginning, middle, and end of words. **TEKS 1.2.A.iii; TEKS 1.2.A.vii**
- Students will recognize words that begin with the same initial sound. **TEKS 1.2.A.ii**
- Students will produce rhyming words. **TEKS 1.2.A.i**
- Students will decode words with VCe syllables, reading and writing one-syllable words with the long vowel /ae/ > 'a_e'. **TEKS 1.2.B.iii**
- As the teacher dictates words, students will segment and blend phonemes to form and write one-syllable words distinguishing between long vowel /ae/ and short vowel /a/ sounds. **TEKS 1.2.B.iii**
- Students will decode words with VCe syllables. **TEKS 1.2.B.iii**

INTRODUCE THE SOUND /AE/ (10 MIN.)

- **Hear the New Sound /ae/** **TEKS 1.2.A.i, TEKS 1.2.A.ii, TEKS 1.2.A.iii**

Note: Remember this is oral practice. Students are only listening for the /ae/ sound, not seeing the different spellings. Tell students to listen carefully for the long a sound.

- Tell students that today's sound is /ae/ as in *late*.
- Have students say the /ae/ sound several times.
- Ask students to repeat the following words that have the /ae/ sound at the beginning: *aim, ape, ate, ale*. Tell students these words all have the same initial sound.
- Ask students to repeat the following words that have the /ae/ sound in the middle: *game, tape, cake, mane*.
- Ask students to repeat the following rhyming words and to notice that they have the /ae/ sound at the end: *may, play, day, stay*.
- Ask students if /ae/ is a vowel sound or a consonant sound. On your signal, students can use their fingers to depict a 'v' or 'c' to show if it is a vowel or consonant sound. (It is a vowel sound, made with an open mouth and no obstruction of airflow.)

- **TEKS 1.2.A** Demonstrate phonological awareness by: (iii) distinguishing between long and short vowel sounds in one-syllable words; (vii) segmenting spoken one-syllable words of three to five phonemes into individual phonemes, including words with initial and/or final consonant blends; (ii) recognizing spoken alliteration or groups of words that begin with the same spoken onset or initial sound; (i) producing a series of rhyming words; **TEKS 1.2.B.iii** Demonstrate and apply phonetic awareness by decoding words with closed syllables; open syllables; VCe syllables; vowel teams, including vowel digraphs and diphthongs; and r-controlled syllables.

Support

Gather pictures of the words listed to provide students with visual support.

Note: You may have students who know that some of the words they listened to earlier, such as *may*, are written with spellings other than 'a_e'. If students point this out, congratulate them for recognizing this and already knowing other spellings for the /ae/ sound. Tell them that they will learn these spellings for /ae/ at a later time, and for now they will focus on the 'a_e' spelling.

Check for Understanding

Have students share words with the /ae/ sound with their neighbor, and move around the room to monitor responses.

INTRODUCE THE SPELLING /AE/ > 'A_E' (15 MIN.)

TEKS.1.2.B.iii

Teacher Modeling

- Tell students you are going to show them how to write the /ae/ sound.
- Explain that the spelling for /ae/ is a little different from the other spellings they have studied so far.
- Write 'a_e' on the board/chart paper, explaining that the two letters work together to stand for the /ae/ sound.
- Point out that you left a space between the letter 'a' and the letter 'e'.
- Explain that when you write an actual word, you will fill in the space with the spelling for the sound that comes after the /ae/ sound.
- Add 'g' and 'm' to make *game*.
- Explain that the letter 'a' and the letter 'e' work together (as a letter team) to stand for one sound, the /ae/ sound. They are working together even though there is a letter between them.
- Illustrate this by drawing a V-shaped mark connecting 'a' and 'e' (see illustration).
- Explain that the word *game* contains four letters ('g', 'a', 'm', 'e') but only three sounds (/g/ /ae/ /m/). Tap your fingers together to segment the word and demonstrate that *game* only has three sounds.
- Now write *bake*. Point to each spelling in *bake* as you say its sound: "/b/ (point to 'b' with your index finger), /ae/ (simultaneously point to 'a' with your index finger and 'e' with your middle finger), /k/ (point to 'k' with your index finger)."

If you prefer, you can use any of the following terms: split digraph, separated spelling, separate letter team, magic 'e' spelling.

TEKS 1.2.B.iii Demonstrate and apply phonetic awareness by decoding words with closed syllables; open syllables; VCe syllables; vowel teams, including vowel digraphs and diphthongs; and r-controlled syllables.

- Draw a V-shaped mark connecting 'a' and 'e' in *bake*.
- Write the word *name* on the board/chart paper and explain that this is another example of the letter team 'a'-space-'e' spelling for /ae/.
- Draw a V-shaped mark under *name* as you did with *game* and *bake*.
- Now ask students to help you spell the word *made*.
- Have students identify the first sound in *made*. Write 'm' on the board/chart paper.
- Have students identify the second sound in *made*.
- Once the /ae/ sound has been identified, write an 'a' on the board/chart paper next to the 'm'.
- Explain that this letter 'a' is the first part of the spelling for /ae/. You will write the second part after you write the spelling for the sound that comes after the /ae/ sound.
- Have students identify the last sound in *made*. Write 'd' on the board/chart paper next to 'a'.
- Explain that if you left the word like this, it would be pronounced *mad*. To spell *made*, you need to add the letter 'e'.
- Remind students that the 'a' and 'e' work together as a team to stand for the /ae/ sound.
- Tell students that this kind of spelling is sometimes called a magic 'e' because the 'e' changes *mad* to *made*.
- Turn to **Vowel Code Flip Book page 6**. Show students the Spelling Card for /ae/ > 'a_e' (*cake*). Discuss the power bar and have a student read the example word. Attach the Spelling Card to the appropriate space.
- Have students turn to **Individual Code Chart page 2**. Have them locate and trace the code information for /ae/ > 'a_e' with their green marker and read the example word.

Support

Provide students with magnetic letters, alphabet blocks, etc., to build the words and add the 'e' to change the vowel sound.

Code Materials

Challenge

Students can search for other /ae/ spelled 'a_e' words in other texts and write and illustrate the words.

Vowel Code Flip Book	Individual Code Chart
1. /ae/ > 'a_e' (<i>cake</i>) page 6	1. /ae/ > 'a_e' (<i>cake</i>) page 2

- Tell students that whenever the spelling 'a_e' appears on an activity page or in a story for the next few lessons, it will be printed in darker, bolder ink to remind them that the two letters stand for a single sound.

Digraph Dictation

Note: Please complete this dictation activity page together with students as guided practice.

- Distribute Activity Page 3.1.
- Explain that each of the thick black lines on the page stands for one sound/spelling.
- Have students look at the example at the top of the page.
- Now say the word *mad*, hold up three fingers, and segment the word, /m/ /a/ /d/.
- Point out that the word *mad* contains three sounds and is spelled with three letters.
- Say the word *made*, hold up three fingers, and segment the word, /m/ /ae/ /d/.
- Point out that the word *made* also contains three sounds, but it is spelled with four letters.
- Draw attention to the caret or V-shaped mark under the word *made*.
- Explain that the V-shaped mark shows that the letters 'a' and 'e' are working together even though they are not right next to each other. Have students put their fingers on the 'a' and 'e' in the word *made*.
- Ask, "What do we call the letters 'a' and 'e' when they are working together?" (*letter team, separated digraph*)
- Explain that you will dictate, or say aloud, more word pairs and that you want students to write the words sound by sound on the lines.
- Say the word *can*, have students segment the word, and then write it on the lines after the arrow on the same row for item 1. Remind students that the /ae/ sound is spelled with the separated digraph 'a_e'.
- Say the word *cane*, have students segment the word, and then write it on the lines after the arrow on the same row for item 1. Remind students that the /ae/ sound is spelled with the separated digraph 'a_e'.
- Repeat with the remaining words. As you say and students write each word, use it in an oral sentence.

Activity Page 3.1

TEKS 1.2.A.iii Demonstrate phonological awareness by distinguishing between long and short vowel sounds in one-syllable words; **TEKS 1.2.B.iii** Demonstrate and apply phonetic awareness by decoding words with closed syllables; open syllables; VCe syllables; vowel teams, including vowel digraphs and diphthongs; and r-controlled syllables.

Support

Students who have a difficult time segmenting might find it useful to touch their arm as they say each sound. Have them touch their shoulder, elbow, and wrist for each sound, then blend through the word starting at the shoulder and swiping downward while saying the word.

Note: Point out that each word pair has the same number of sounds, but not the same number of letters.

- After completing the dictation, ask students what happens when you add the magic 'e' to the end of the words with the /a/ sound. (*The addition of the magic 'e' changes the /a/ sound to the /ae/ sound.*)

Provide *wh-* question words (*Who? Where? What?*) to help students retell the story they chose to reread. Model how to use the *wh-* question words to remember to include important information in their retell. (*Who* reminds us to tell about important characters. *Where* reminds us to tell where the story took place. *What* reminds us to tell what happened first, next, and last in the story.)

Lesson 3: “Gran’s Trips” or “The Pet”

Reading

Primary Focus: Students will reread “Gran’s Trips” or “The Pet” with accuracy, appropriate rate, and expression; and will demonstrate comprehension by retelling the story to a partner. **TEKS 1.4; TEKS 1.7.D**

REREAD “GRAN’S TRIPS” OR “THE PET” (20 MIN.)

Small Group

- Ask students to turn to the table of contents and locate and read the title of the first story in the Reader. (“*Gran’s Trips*”) Ask them to also put a finger on the page number where they can find the beginning of that story. (*page 2*)
- Repeat for the story “The Pet.” (*page 10*)
- Instruct students that they will either be meeting with you in a small group, or choosing one of the two stories to read independently or with a partner.

Group 1: Work with students who need additional support. Reread either “Gran’s Trips” or “The Pet.”

Group 2: Have students reread “Gran’s Trips” or “The Pet” independently or with a partner.

TEKS 1.4 Use appropriate fluency (rate, accuracy, and prosody) when reading grade-level texts; **TEKS 1.7.D** Retell texts in ways that maintain meaning.

Observation: Anecdotal Reading Record

Use the Anecdotal Reading Record provided in the Teacher Resources section to record notes as you listen to Group 1 students read. Make specific note of any words misread by students, recording the word they said instead; analyze errors later for any specific letter-sound confusions.

Magic 'e' Strips

- Cut paper strips for students (e.g., cut **index cards** in half lengthwise).
- Prepare the strips ahead of time, folding and placing guidelines for students to write the word pairs.
- The guidelines will ensure letter size and spacing works with the fold.

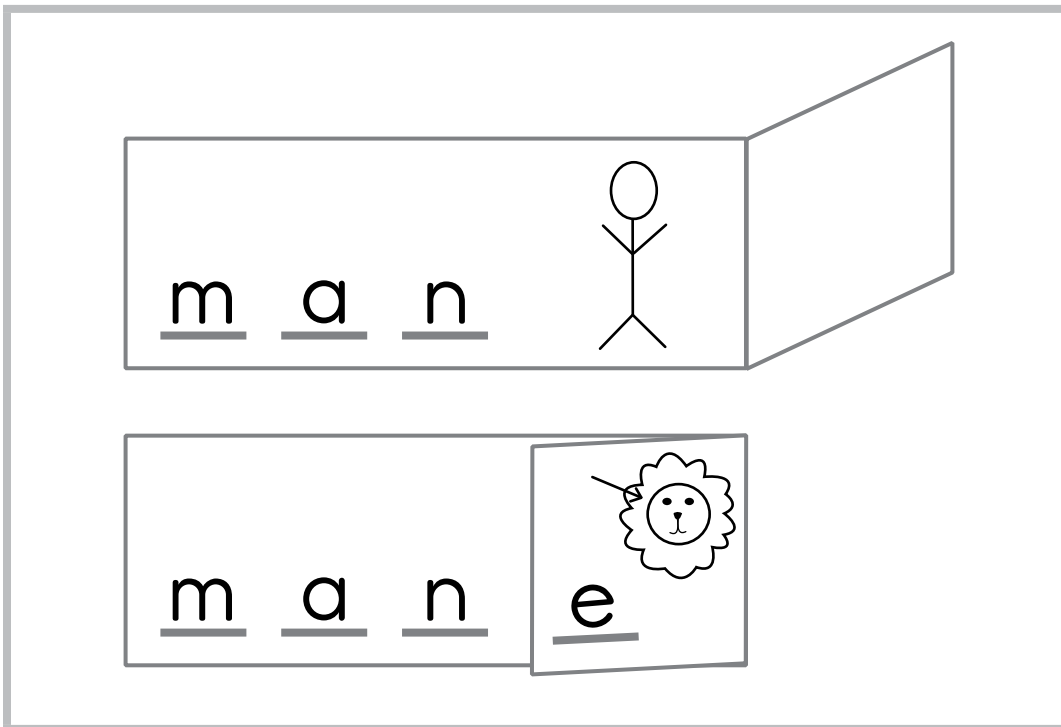

- Use the word pairs in the box.

TEKS 1.2.B.iii Demonstrate and apply phonetic awareness by decoding words with closed syllables; open syllables; VCe syllables; vowel teams, including vowel digraphs and diphthongs; and r-controlled syllables.

- | | |
|-------------|---------------|
| 1. man—mane | 5. mad—made |
| 2. pan—pane | 6. Sam—same |
| 3. cap—cape | 7. plan—plane |
| 4. tap—tape | 8. mat—mate |

- First, say the short vowel word and have students spell the word on the guidelines before the fold.
- Have students read the word aloud once it is spelled.
- Next, have students fold the strip and write a magic 'e' on the final guideline.
- Have students read the new word spelled by creating a separated digraph with the addition of the magic 'e'.
- **Option:** Have students illustrate the word pairs with a quick sketch on their magic 'e' strips. If strips have the word pair already written, then students should practice reading the words without (unfolded) and with (folded over) the magic 'e'.

Code Knowledge

Before today's lesson: If students read 1,000 words in a trade book, on average between 479 and 607 of those words would be completely decodable.

After today's lesson: If students read 1,000 words in a trade book, on average between 495 and 622 of those words would be completely decodable.

Students have now been taught at least one way to write 32 of the 44 sounds in English.

The sound /ae/ is the 25th most common sound in English.

The sound /ae/ is spelled 'a_e' approximately 25 percent of the time.

The spelling alternatives 'a' as in the word *acre*, 'ai' as in the word *rain*, and 'ay' as in the word *bay* will be taught at the end of Grade 1.

The spelling alternatives 'ey' as in the word *hey*, 'ea' as in the word *great*, and 'eigh' as in the word *eight* will be taught in Grade 2.

Noun Identification

- Tell students that you will review nouns. Ask students what a noun is. (*person, place, or thing*)
- Say the phrase, “big feet”. Have students repeat the phrase and ask them to say which word is a noun. Students should reply, “Feet is a noun.”
- Ask students if the noun *feet* names a person, place, or a thing. (*It names a thing.*)
- Repeat with the remaining phrases.

Note: Remember this is an oral activity. Students should not be expected to read these phrases, as they are not yet decodable.

Using Nouns and Noun Phrases

Use pictures or objects to illustrate the phrases as a visual support. Tell students that the answer to the question, “Who or what is this?” is the noun in the phrase. The other words in the phrase describe the noun or tell us what the noun is doing.

ELPS 4.F

Check for Understanding

Thumbs-Up/Thumbs-Down: Repeat the phrases, pausing after each word. Have students give a thumbs-up if the word is a noun and a thumbs-down if the word is not a noun.

TEKS 1.11.D.iii Edit drafts using standard English conventions including singular, plural, common, and proper nouns.

Lesson 4: Chaining with /ae/ > 'a_e'

Foundational Skills

Primary Focus: Students will demonstrate knowledge of the 'a_e' vowel pattern by decoding words with the letter-sound correspondences /a/ > 'a' and /ae/ > 'a_e'.

✦ **TEKS 1.2.B.i**

✦ **POP-OUT CHAINING (15 MIN.)**

TEKS 1.2.B.i

Note: For this chaining exercise, you will call the letter 'e' of the digraph 'a_e' the magic letter 'e'. The 'e' is magical because it can change the vowel sound /a/, as in *at*, into the vowel sound /ae/, as in *ate*.

- Using the Large Letter Cards you gathered in advance, review each sound as you pass them out.
- Hand one student the 'e' card, and tell him or her that he or she now holds the magic 'e'.
- Tell students that you will ask students holding the letter cards to come to the front of the room to spell some words. Explain that the student with the magic 'e' card has a special job. After each word is made with the other Large Letter Cards, you will say "Alakazam!" which means that the student with the magic 'e' card should jump up and add the magic 'e' to the end of the word, thus changing the vowel sound and making a new word.
- Say the word *at*. Tell students who are holding cards with spellings in the word *at* to go to the front of the room and stand in the order needed to spell the word *at*. Ask the class to sound out and read the word.
- Tell students that you are going to magically change the vowel sound in the word. Say, "Alakazam!" and have the holder of the magic 'e' stand at the end to create the word *ate*.
- Ask, "Even though they aren't side by side in this word, which two letters are working together as a team?"
- Have students holding the 'a' and the 'e' step forward and stand side by side.
- Point out that the 'a' and 'e' in the word *ate* work together to stand for the sound /ae/.

Large Letter Cards

Support

While some of the students are making the words with the Large Letter Cards, the other students could be using small letter cards, alphabet magnets, or letter tiles to be making the same words.

✦ **TEKS 1.2.B.i** Demonstrate and apply phonetic knowledge by decoding words in isolation and in context by applying common letter sound correspondences.

Note: Pop-out chaining allows for extra practice segmenting words. Start by standing behind students holding the Large Letter Cards. To segment the word, hold your hand over the head of each student holding a card, saying the sound each letter represents as a class. When you arrive at the first letter of the separated digraph, hold one hand over the student holding the vowel card and the other hand over the student holding the magic 'e' card at the same time. You may point out that your arms are making a V-shaped mark similar to what students have seen in the activity pages.

- Repeat this process with the remaining word pairs.
- Allow several different students to take a turn playing the magician holding the magic letter 'e'. You may also want to redistribute the other Large Letter Cards midway into the activity, so more students have a chance to be actively involved.

Let’s practice with another word. (Practice this with either the word *safe* or *snake*.)

Wrap-Up

- Use the following questions to guide discussion about the story. Remind students to answer in complete sentences, restating part of the question in their answer.
- After asking a question, ask a student to locate and point to the answer in their Reader. Then choose a student to read the actual text in the Big Book that provides the answer to the questions. Remember to encourage students to answer using complete sentences and restating part of the question in their answer.

Discussion Questions for “King”

MORE HELP WITH ORAL READING

Silly Voices

- Make a copy of **Activity Page TR 4.1** and cut the picture cards apart.
- Provide students with the *Gran Reader*, and help them find “Gran’s Trips” or “The Pet.”
- Have students choose or draw a Silly Voices Card to determine the voice they will use for reading aloud.
- Students read aloud independently, with a partner, or to the teacher.
- Partner reading options may include:
 - Take turns reading the entire story.
 - Have one student be the leader, reading a line at a time for the partner to echo.
 - Read chorally, keeping voices together to read the story.

1. **Cowboy:** Sit in your chair like you are riding a horse and use a country accent.
2. **Scuba Diver:** Vibrate your pointer finger on your lips as you read.
3. **Sick Person:** Hold your nose and sound all stuffed up.
4. **Opera Singer:** Use big arm motions and a grand singing voice.
5. **Rock Star:** Play your air guitar while you read.
6. **Robot:** Move your arms like a robot and use a monotone voice.
7. **Ghost:** Use a spooky voice.
8. **Teacher:** Point to the words and use a teacher voice.

Feel free to add any other voices you or your students think of!

Support

The task of applying a silly voice requires notable cognitive effort. Silly Voices should be used to motivate students to revisit text that is already very familiar from prior instruction and rereading. If students are not already reading the text with high accuracy, then rereading without silly voices to first establish ease with word recognition is appropriate.

Students will distinguish between long and short vowel sounds in one-syllable

Students will decode words with /a/ > 'a', and /ae/ > 'a_e'. **TEKS 1.2.B.i; TEKS 1.2.B.iii**

Students will read the following Tricky Words: *they, their*. **TEKS 1.2.B.vi**

POP-OUT CHAINING (10 MIN.)**TEKS 1.2.A.iii**

- Using the Large Letter Cards you gathered in advance, review each sound as you pass them out.
- Ask, “Which vowel spelling have we learned about that acts as a magic letter? Why do we say it acts like magic?” (‘e’; *It changes the vowel sound of a word.*)
- Remind the student with the magic ‘e’ card that when you say “Alakazam!” the student is to jump up, lift up the card, or turn around to reveal the letter on his or her card.
- Say the word *can* and have students spell the word in the front of the room and stand in correct order. Ask the class to read the word.
- Tell students that you are going to magically change the vowel sound in the word. Say, “Alakazam!” and have the student with the Large Letter Card ‘e’ stand at the end of the word *can* to create the word *cane*.
- Ask, “Even though they aren’t side by side in this word, which two letters are working together as a team?”
- Have the students holding the ‘a’ and ‘e’ step forward and stand side by side.
- Point out that the ‘a’ and ‘e’ in the word *cane* work together to stand for the sound /ae/. Ask, “What do we call the ‘a’ space ‘e’ spelling? Why do we call it this?” (*letter team/separated digraph; They are a team because they work together to make the /ae/ sound*)

Large Letter Cards

TEKS 1.2.A Demonstrate phonological awareness by: (v) blending spoken phonemes to form one-syllable words, including initial and/or final consonant blends; (vii) segmenting spoken one-syllable words of three to five phonemes into individual phonemes, including words with initial and/or final consonant blends; (iii) distinguishing between long and short vowel sounds in one-syllable words; **TEKS 1.2.B** Demonstrate and apply phonetic knowledge by decoding words (i) in isolation and in context by applying common letter-sound correspondences; (iii) with closed syllables; open syllables; VCe syllables; vowel teams, including vowel digraphs and diphthongs; and r-controlled syllables; (vi) identifying and reading at least 100 high-frequency words from a research-based list.

Note: Pop-out chaining allows for extra practice segmenting words. Start by standing behind students holding the Large Letter Cards. To segment the word, hold your hand over the head of the each student holding the cards, saying the sound each letter represents as a class. When you arrive at the first letter of the separated digraph, hold one hand over the student holding the vowel card and the other hand over the student holding the magic 'e' card at the same time. You may point out that your arms are making a V-shaped similar to what students have seen in the activity book pages.

- Repeat this process with the remaining word pairs.
- Redistribute the Large Letter Cards midway in the activity, and allow several different students to take a turn playing the magician with the magic letter 'e'. Remind students that words with a_e make a long a vowel sound.

Challenge

Have students brainstorm other words on their own that can have an 'e' added to the end to change the vowel sound.

| 1. man > mane | 5. cap > cape |
| 2. pan > pane | 6. tap > tape |
| 3. pal > pale | 7. fat > fate |
| 4. at > ate | 8. nap > nape |

Check for Understanding

After completing the word pairs, ask, "What happens when you add 'e' to the end of a word?" (*It changes the other vowel sound.*) Ask students to think and then share with a neighbor. Monitor responses, and note students who may need extra guidance.

INTRODUCE TRICKY WORDS: THEY, THEIR (10 MIN.)

Tricky Word: *They*

- Write the Tricky Word *they* on the board/chart paper and ask students how they would pronounce this word by blending. (They might say something like /th/ /e/ /y/.)
- Explain that this word is actually pronounced /th/ /ae/ as in, "They are my friends."
- Circle the letter team 'th' and explain that it is pronounced /th/, as students might expect.

Support

Add these Tricky Words to the Tricky Word Wall to provide students with a quick visual reference.

- Underline the letters 'e' and 'y' and explain that they are the tricky part of the word. Students would probably expect these letters to be pronounced /e/ /y/, but they are pronounced /æ/.
- Tell students that when reading *they*, they should try to remember to pronounce the letters 'e' and 'y' as /æ/.
- Tell students that when writing *they*, they have to remember to spell the /æ/ sound with the letters 'e' and 'y'.
- Have students copy the word on an index card and underline the tricky part of the word.

Tricky Word: *Their*

- Write the Tricky Word *their* on the board/chart paper and ask students how they would pronounce it by blending. (They might say something like /th/ /e/ - /i/ /r/.)
- Explain that this word is actually pronounced /th/ /e/ /r/ as in, "*Their* parents are at home."
- Explain that this word is pronounced exactly like the Tricky Word *there* that was taught in Unit 1. *There* is spelled differently and has a different meaning. Give two examples: "The cat is *there* by the house," vs. "This is *their* cat."
- Circle the letter team 'th' and explain that it is pronounced /th/, as they would probably expect.
- Underline the letters 'e' and 'i' and explain that they are the tricky part of the word. They would probably expect these letters to be pronounced /e/ /i/, but they are pronounced /æ/.
- Circle the letter 'r' and explain that it is pronounced /r/, as they would probably expect.
- Tell students that when reading *their*, they have to remember to pronounce the letters 'e' and 'i' as /æ/.
- Tell students that when writing *their*, they have to remember to spell the /æ/ sound with the letters 'e' and 'i'.
- Have students copy the word on an index card and underline the tricky part of the word.

Challenge

Review some of the other Tricky Words students have already learned.

Practice

- Have students place the index cards with *they* and *their* in front of them.
- Explain that you will say one of the Tricky Words and that you want the students to hold up the card for that word.
- Say one of the Tricky Words and have students hold up the correct card. Have one of the students say a phrase or sentence that contains the Tricky Word. Say ten more sentences with these Tricky Words to your class.
- Ask students to **Turn and Talk** to use the Tricky Words *they* and *their* in oral sentences.
- Have students store the index cards for later use with their other Tricky Word cards.

Note: You may wish to write the Tricky Words *they* and *their* on yellow index cards and add them to the Tricky Word Wall.

Check for Understanding

As students **Turn and Talk**, circulate throughout the room, listening for correct pronunciation and grammatically correct use of tricky words *they* and *their*.

- Ask students what change you made to the word *ate* to get the word *ape*.
- Continue this process until all of the words in the first chain have been spelled.
- When you have come to the end of the first chain, erase the word and begin the next chain.

1. ate > ape > cape > shape > shame > same > name > came > fame > frame
2. rake > sake > snake > stake > take > bake > cake > fake > flake > flame
3. mate > mane > pane > sane > same > tame > game > came > cane > crane

MORE HELP WITH TRICKY WORDS

Green Light, Yellow Light

- Print a copy of **Activity Page TR 5.1** for each student on green card stock. Cut apart the word cards.

- Print a copy of **Activity Page TR 5.2** for each student on yellow card stock. Cut apart the word cards.
- Explain that the green cards are printed with regular words and can be read by blending. Green means go.
- Explain that the yellow cards are printed with Tricky Words. Yellow means proceed with caution.
- Shuffle the cards and have students read them one at a time.
- When students select a green card they may say, “Green, go!” before reading the word.
- When students select a yellow card they may say, “Yellow, careful!” before reading the word.

PROGRESS MONITORING (OPTIONAL)

- Make a copy of the Word Cards for Progress Monitoring 1 (**Activity Page TR 5.3**). Cut apart the word cards.
- Make one copy of the Record Sheet for Progress Monitoring 1 (**Activity Page TR 5.4**) for each student you are assessing.
- Working one-on-one, model with the sample item.
- Show the cards to the student one at a time and have him or her read the word aloud. Use the Record Sheet to record each word as the student reads.
- Place a check next to each word read correctly.
- For misread words, write exactly what the student says as the word is sounded out. If the student misreads a word, prompt him or her to try to read the word again, letting him or her know his or her first attempt was incorrect.
- Students may benefit from the supports utilized during instruction such as blending motions and representing sounds with objects (e.g., Push & Say). Demonstrate and encourage their use while modeling with the sample item if needed. The goal is for students to eventually be capable of completing the tasks without physical supports or, at least, utilizing the supports independently (without your prompt).

Scoring: Scoring is based on one point assigned for every vowel digraph in a word which is read correctly. Interpret scores as follows:

- 9 or 10 points—excellent
- 8 points—good
- 6 or 7 points—fair
- Less than 6 points—poor

Goal: Achieve scores of good or excellent (8 points or more).

Scores of 7 or less indicate additional reteaching and reinforcement is required.

Further analyze student errors to determine whether there are one or more particularly problematic sound/spellings. The subtotals for targeted sound/spellings at the bottom of the Record Sheet facilitate the identification of specific problem areas.

Also examine whether there are mispronunciations occurring more frequently in a given position in words. For example, does the student read the initial sound correctly, but misread the medial and/or final sound?

Finally, examine whether the student succeeded in reading words correctly on the second attempt. If so, the student may be rushing and may benefit from explicit instruction to slow down and look at each letter in a word sequentially, left to right.

Code Knowledge

Before today's lesson: If students read 1,000 words in a trade book, on average between 495 and 622 of those words would be completely decodable.

After today's lesson: If students read 1,000 words in a trade book, on average between 501 and 630 of those words would be completely decodable.

The word *they* is one of the 20 most common words in most samples of written English. In a typical passage of 1,000 words, the word *they* occurs 4 to 9 times.

The word *their* is one of the 60 most common words in most samples of written English. In a typical passage of 1,000 words, the word *their* occurs 0 to 4 times.

ADVANCE PREPARATION

Foundational Skills

- You may wish to tab Vowel Code Flip Book page 8.
- Have the Spelling Card listed in the Lesson at a Glance chart, Individual Code Charts, and green markers readily available.

Reading

- Plan how you will pair students for partner reading.

➤ Digital Component 6.1

- Create the Preview Spellings chart (Digital Component 6.1) for Introduce the Story on the board/chart paper, or use the digital version.

Universal Access

- Gather pictures of the words *pine*, *five*, *cat*, *tin*, *dine*, *bed*, *line*, and *lane* as a visual support during Introduce the Sound /ie/.
- Gather pictures of people on starting blocks and swimming in lanes during a swim meet to use in Introduce the Story

Lesson 6: Basic Code

Foundational Skills

Primary Focus

Students will listen to, produce, and distinguish words with the long vowel /ie/ sound. **TEKS 1.2.A.vii**

Students will read and write one-syllable words with the long vowel /ie/ > 'i_e'.

TEKS 1.2.B.iii

As the teacher dictates words, students will segment and blend phonemes to form and write one-syllable words with long vowel /ie/ and short vowel /i/ sounds.

TEKS 1.2.B.iii

INTRODUCE THE SOUND /IE/ (5 MIN.)

Hear the New Sound /ie/

Note: Remember that this is oral practice. Students are only listening for the /ie/ sound, not seeing the different spellings.

- Tell students that today they will focus on the sound /ie/ as in *time*.
- Have students say the /ie/ sound several times.
- Ask students to repeat the following words that have the /ie/ sound at the beginning: *ice, item, idea, island*.
- Ask students to repeat the following words that have the /ie/ sound in the middle: *bike, nice, sign, time*.
- Ask students to repeat the following words that have the /ie/ sound at the end: *pie, fly, tie, try*.
- Ask students if /ie/ is a vowel sound or a consonant sound. (It is a vowel sound, made with an open mouth and an unobstructed airflow.)
- Tell students that you are going to say a number of words. Some of the words will have the /ie/ sound as their middle sound and some will not.
- Have students close their eyes and listen carefully.
- Tell students to raise their hands when they hear a word that has the /ie/ sound as its middle sound.

TEKS 1.2.A.vii Demonstrate phonological awareness by segmenting spoken one-syllable words of three to five phonemes into individual phonemes, including words with initial and/or final consonant blends; **TEKS 1.2.B.iii** Demonstrate and apply phonetic knowledge by decoding words with closed syllables; open syllables; VCe syllables; vowel teams, including vowel digraphs and diphthongs; and r-controlled syllables.

Note: You may have students who know that some of the words they listened to earlier, such as *fly*, are written with spellings other than 'i_e'. If students point this out, congratulate them for recognizing this and already knowing other spellings for the /ie/ sound. Tell them that they will learn these spellings for /ie/ at a later time, and for now they just have to focus on the 'i_e' spelling.

- | | |
|---------|---------|
| 1. pine | 5. dine |
| 2. five | 6. bed |
| 3. cat | 7. line |
| 4. tin | 8. lane |

Check for Understanding

Have students close their eyes and listen carefully. Tell students to raise their hands when they hear a word containing the /ie/ sound.

INTRODUCE THE SPELLING /IE/ > 'I_E' (20 MIN.)

Teacher Modeling

- Tell students you are going to show them how to write the /ie/ sound.
- Explain that today's spelling is another separated spelling, or magic 'e' spelling, like 'a_e' in *name*.
- Write 'i_e' on handwriting guidelines, and explain that the two letters work together to stand for the /ie/ sound.
- Point out that you left a space between the letter 'i' and the letter 'e' and explain that when you write an actual word, you will fill in the space with the spelling for the sound that comes after the /ie/ sound.

Support

If students have trouble hearing a word's middle sound, say the word in a segmented fashion: /p/ . . . /ie/ . . . /n/. Then repeat the word in its blended form: *pine*.

Gather pictures of a pine tree, cat, number five, tin can, someone dining, bed, line, and lane to provide visual support.

bike

- Add 'b' and 'k' to spell the word *bike*.
- Read the word and explain that the letter 'i' and the letter 'e' work together to stand for one sound, the /ie/ sound, even though there is a letter between them.
- Illustrate this by drawing a V-shaped mark connecting the 'i' and 'e'. (see illustration)
- Point to each spelling as in the word *bike* as you say its sound: "/b/ (point to 'b' with your index finger), /ie/ (simultaneously point to 'i' with your index finger and 'e' with your middle finger), /k/ (point to 'k' with your pointer finger)."
- Explain that the word *bike* contains four letters ('b', 'i', 'k', 'e'), but only three sounds (/b/, /ie/, /k/).
- Now write the word *time* on the board/chart paper, and explain that this is another example of the 'i'-space-'e' spelling for the /ie/ sound.
- Draw a V-shaped mark under *time* as you did with *bike*. Ask students to read the word *time* with you.
- Ask students to help you spell the word *pine*.
- Say the word *pine* and have students identify the first sound. Write 'p' on the board/chart paper.
- Have students identify the second sound in the word *pine*.
- Once the /ie/ sound has been identified, write an 'i' on the board/chart paper next to the 'p'.
- Explain that the letter 'i' is the first part of the spelling for the /ie/ sound. You will write the second part after you write the spelling for the sound that comes after the /ie/ sound.
- Have students identify the last sound in the word *pine*. Write an 'n' on the board/chart paper next to the 'i'.
- Explain to students that if you left the word like this, it would be pronounced *pin*. To spell the word *pine* you need to add the letter 'e'.
- Remind students that 'i' and 'e' work together to stand for the /ie/ sound.

Note: If you prefer, you can use any of the following terms: split digraph, separated spelling, split spelling, separate letter team, split letter team.

- Turn to **Vowel Code Flip Book page 8**, and show students the Spelling Card for /ie/ > 'i_e' (*bite*). Discuss the power bar and have a student read the example word. Attach the Spelling Card to the appropriate space.
- Have students turn to **Individual Code Chart page 2**. Have them trace the code information for /ie/ > 'i_e' in green marker and read the example word.

Code Materials

Vowel Code Flip Book	Individual Code Chart
1. /ie/ > 'i_e' (<i>bite</i>) page 8	1. /ie/ > 'i_e' (<i>bite</i>) page 2

ee	weed, bee, feet
a_e	game, fade, name
i_e	pine, five, lime

- Tell students that whenever the spelling 'i_e' appears in the Activity Book or a story for the next few lessons, it will be printed in darker, bolder ink to remind them that the two letters stand for a single sound.
- Summarize this part of the lesson by reviewing all of the new vowel digraphs that have been introduced. On the board/chart paper, list each digraph and then ask students for examples of words which include these digraphs.

PRACTICE /IE/ > 'I_E' (15 MIN.)

Digraph Dictation

- Distribute Activity Page 6.1.
- Explain that each thick black line on the page stands for one sound/spelling.
- Have students look at the example at the top of the page.
- Say the word *pin*, hold up three fingers, and segment the word, /p/ /i/ /n/.
- Point out that the word *pin* contains three sounds and is spelled with three letters.
- Say the word *pine*, hold up three fingers, and segment the word, /p/ /ie/ /n/.
- Point out that the word *pine* also contains three sounds but is spelled with four letters.
- Draw attention to the V-shaped mark under the word *pine*.
- Explain that this V-shaped mark shows that the letters 'i' and 'e' are working together even though they are not right next to each other. They are a letter team.
- Explain that you will dictate, or say, more word pairs and that you want students to write the words sound by sound on the lines. As you say and students write each word, use it orally in a sentence.

Activity Page 6.1

Support

Students who have a difficult time segmenting might find it useful to touch parts of their arm (shoulder, elbow, wrist) as they say each sound, then blend through the word starting at the shoulder and swiping downward.

Note: Point out that each word pair has the same number of sounds but not the same number of letters.

Lesson 6: “The Swim Meet”

Reading

Primary Focus: Students will read “The Swim Meet” with purpose and understanding, and will answer literal and inferential questions about the story.

TEKS 1.6.A; TEKS 1.8.C

INTRODUCE THE STORY (5 MIN.)

Note: Students will read today’s story with a partner. You may wish to review the partner reading routines before they read the story.

- Ask students if they are familiar with a swim meet (a swimming race or competition). Tell students that today they will read a story with a partner about a swimming race. Explain that in a swim competition, people swim in a pool that has been divided into different lanes. Explain that each swimmer in the race swims in a straight line in their own lane. The lanes have floats that go straight down the pool so people know where their own swim lane is located. Using the illustration on page 27, point out that at the start of each race, the swimmers stand on top of starting blocks until the signal to go is given.

Preview Spellings

- Refer to the chart you prepared in advance to preview the spellings before reading the story.

TEKS 1.6.A Establish purpose for reading assigned and self-selected texts with adult assistance; **TEKS 1.8.C** Describe plot elements including the main events, the problem, and the resolution, for texts read aloud and independently.

READ “THE SWIM MEET” (15 MIN.)

Partner Reading

- Have students read today’s story with a partner. Tell students that when they finish reading the story, they should complete Activity Page 6.2. If they finish early, they may reread earlier stories from *Gran*.

Observation: Anecdotal Reading Record

Use the Anecdotal Reading Record provided in the Teacher Resources section to record notes as you listen to each student read. Make specific note of any words misread by students, recording the word they said instead; analyze errors later for any specific letter-sound confusions.

Wrap-Up

- Call students who have finished the story and activity page back together as a group.
- Review Activity Page 6.2. You may also wish to use the following questions to guide discussion about the story.

Challenge

Have students write and illustrate two sentences (or more) about a swim meet, possibly imagining they are swimming in the meet.

Before today's lesson: If students read 1,000 words in a trade book, on average between 501 and 630 of those words would be completely decodable.

After today's lesson: If students read 1,000 words in a trade book, on average between 510 and 645 of those words would be completely decodable.

Students have now been taught at least one way to write 33 of the 44 sounds in English.

The sound /ie/ is the 27th most common sound in English.

The sound /ie/ is spelled 'i_e' approximately 34 percent of the time.

The spelling alternatives 'i' as in the word *behind*, 'igh' as in the word *sigh*, 'ie' as in the word *pie*, and 'y' as in the word *shy* will be taught in later grades.

Reading

- Load the story “At the Reef” from the Teacher Resources on the program’s digital components site or prepare to display the *Gran Big Book*.
- Plan student groups: Today, Group 1 is for students who can read and complete work independently, while Group 2 is for students who need extra support.

➤ Digital Component 7.1

- Create the Preview Spellings chart (Digital Component 7.1) for Introduce the Story on the board/chart paper, or use the digital version.

Universal Access

- Collect pictures of a reef, fish that can be seen in a reef, and scuba divers diving in a reef to use as visual support for Introduce the Story.
- Gather pictures of the words *hang glide*, *bee hive*, and *eels* for Preview Core Vocabulary.

Lesson 7: Common and Proper Nouns

Language

Primary Focus: Students will distinguish between proper nouns and common nouns, and will identify proper and common nouns in sentences. **TEKS 1.11.D.iii**

WARM-UP (5 MIN.)

Identify Proper Nouns

- Remind students that proper nouns name something specific, whether it be a person, place, or thing. Names of people are therefore proper nouns.
- Name a female student and ask that student to raise her hand. Point out that there is only one student with that name in the class. The student's name is a proper noun.
- Then say the word *girl* and ask all the girls in the class to raise their hands. Point out that the word *girl* refers to many students in the class, not just one. The word *girl* is not a proper noun.
- Repeat this procedure with a boy's name.

Lesson 7: Tricky Words

Foundational Skills

Primary Focus: Students will read decodable phrases featuring words with long vowel patterns; and will read previously taught Tricky Words accurately.

TEKS 1.2.B.iii; TEKS 1.2.B.vi

WIGGLE CARDS (5 MIN.)

- Show the students the Wiggle Card, and have them read it and perform the action on the card.
- Continue with the remaining cards.

TEKS 1.11.D.iii Edit drafts using standard English conventions including singular, plural, common, and proper nouns; **TEKS 1.2.B** Demonstrate and apply phonetic knowledge by (iii) decoding words with closed syllables; open syllables; VCe syllables; vowel teams, including vowel digraphs and diphthongs; and (vi) identifying and reading at least 100 high-frequency words from a research-based list.

TRICKY WORD BASEBALL (15 MIN.)

- Divide the class into two teams, having one team at a time come to line up at the board/chart paper. (You may choose to have students stay seated and divide the class into teams by the manner in which they are seated.) Each team takes a “turn at bat.”
- Set a timer for ten minutes, and tell students that whichever team has the most runs when the timer rings is the winning team. Point out that accuracy is important, so they have to be careful reading the words. At the same time, speed is also important, so they must pay close attention. The more turns each team member has to read words, the more likely their team is to score runs.
- Show a Tricky Word card and ask the first person on the team to read it aloud. If the word is read correctly, draw a line from home plate to first base, signifying a “hit.” This player then goes to the back of the team’s line, while the next player comes forward to read the next card. If the word is correctly read, draw a line from first to second base. Play continues this way. If the fourth player reads the word correctly, draw a line from third base to home plate and mark “1 run” for the team. Play continues for the team so long as no words are misread; when a word is misread, the next team takes its turn at bat.

Check for Understanding

Note which students demonstrate difficulty in reading Tricky Words during the game. Be sure to note whether the student makes errors on decodable parts of the words or tricky parts of the words.

Lesson 7: “At the Reef”

Reading

Primary Focus: Students will read “At the Reef” with purpose and understanding, and will answer literal, inferential and evaluative questions about the story.

TEKS 1.6.F; TEKS 1.6.G

INTRODUCE THE STORY (5 MIN.)

- Load the digital version for *Gran* or take out the Big Book and display “At the Reef.”
- Show students the table of contents. Point to the title of today’s story, “At the Reef.”
- Remind students that the story’s title often provides a clue as to what the story is about. Ask, “Does anyone know what a *reef* is?” Tell students that a reef is an underwater ridge or bump made up of sand, rocks, and/or coral in the ocean. A reef can have a lot of different fish and other sea life living around it.
- Remind students that Gran is adventurous and likes trying new things. Ask them to think about what she might do at a reef.

Preview Spellings

- Refer to the chart you prepared in advance to preview the spellings before reading the story.

Preview Core Vocabulary

- Preview the vocabulary before reading the story. After introducing the vocabulary, you may ask students to use each word in a sentence to demonstrate understanding of the new vocabulary.

miles—n., units of distance (If you have a school track, you may tell your students how many times they have to run around it to equal a mile.) (30)

Example: We drove for miles to get to the hotel.

eels—n., long fish that look like snakes (32)

Example: I saw the eels coming out of the holes in the rocks.

hang glide—v., when a person wearing a triangular parachute jumps off a high spot and floats in the air (You may wish to show students the illustration on page 33 or another picture of what hang gliding looks like.) (32)

Example: We saw the man hang glide off the cliff.

hive—n., where bees live (34)

Example: The bees flew into their hive.

REVIEW “AT THE REEF” (20 MIN)

Small Group

Note: Groups for Small Group time should be fluid, based on how students are progressing. A student needing help one week may be able to work independently the next. Use your Anecdotal Reading Record during this time to note how students are progressing. You may work on other activities based on students’ needs, but please remember that it is important to hear students read aloud on a regular basis.

- Distribute Activity Page 7.1.
- Explain that the activity page has questions about the story “At the Reef.”
- Have students reread the story and answer the questions. Please encourage students to answer in complete sentences and to look back at the story if they need help remembering details.

Group 1: Ask students who are able to work independently to complete the activity page on their own. If some students finish early, they can illustrate one of the words or phrases from the Language section. Write several of these words or phrases on the board/chart paper prior to starting reading.

Group 2: Work with students needing more support in rereading the story and answering the questions.

Foundational Skills

- Gather the Large Letter Cards listed in the Lesson at a Glance chart for Pop-Out Chaining.
- You may wish to tab Vowel Code Flip Book page 9 for Introduce the Spelling /oe/ > 'o_e'.
- Have the Spelling Card listed in the Lesson at a Glance, Individual Code Charts, and green markers readily available for Introduce the Spelling /oe/ > 'o_e'.

Universal Access

- Bring in the following pictures to use as visual support during Introduce the Sound /oe/: an elderly person, monster, rope, boat, phone, coat, snow, and toe.
- Bring in pictures for the words *rob*, *robe*, *hop*, *hope*, *dot*, *dote*, *mop*, *mope*, *slop*, and *slope* to use as visual support during Practice /oe/ > 'o_e'.

Lesson 8: Basic Code

Foundational Skills

Primary Focus

- ✦ Students will decode single syllable words with /i/ > 'i' and /ie/ > 'i_e'. **TEKS 1.2.B.iii**
- Students will listen to and orally produce the /oe/ sound at the beginning, middle, and end of words. **TEKS 1.2.A.vii**
- Students will read and write words with the long vowel sound spelled with the vowel digraph 'o_e' > /oe/. **TEKS 1.2.B.iii; TEKS 1.2.C.i**

POP-OUT CHAINING (10 MIN.)

Large Letter Cards

- Distribute the following Large Letter Cards, reviewing each card's sound as you pass it out: 'm', 'n', 't', 'd', 'k', 'f', 'p', 'b', 'r', 'h', 'i', 'e'.
- Hand the 'e' card to a student, reminding the class that it is the magic letter 'e'. Ask, "Why do we say the 'e' is magic?" (*It changes vowel sounds in a word.*)
- Explain that when you say "Alakazam!" the student with the magic 'e' card is to jump up, lift the card, or turn around to reveal the letter on his or her card.
- Say the word *bit* and tell the students who are holding cards with spellings in that word to go to the front of the room and stand in the order that spells *bit*. Ask the class to read the word aloud.
- Tell students that you are going to magically change the vowel sound in the word. Then say "Alakazam!" and have your helper add 'e' to the end of *bit* to create *bite*.
- Ask, "Even though they aren't side by side in this word, which two letters are working together as team?"
- Have the students holding the 'i' and the 'e' step forward and stand side by side.
- Point out that the 'i' and 'e' in the word *bite* work together to stand for the sound /ie/.

- ✦ **TEKS 1.2.B.iii** Demonstrate and apply phonetic knowledge by decoding words with closed syllables; open syllables; VCe syllables; vowel teams, including vowel digraphs and diphthongs; and r-controlled syllables; **TEKS 1.2.A.vii** Demonstrate phonological awareness by segmenting spoken one-syllable words of three to five phonemes into individual phonemes, including words with initial and/or final consonant blends; **TEKS 1.2.C.i** Demonstrate and apply spelling knowledge by spelling words with closed syllables, open syllables, VCe syllables, vowel teams, and r-controlled syllables.

Note: Pop-out chaining allows for extra practice segmenting words. Start by standing behind students holding the Large Letter Cards. To segment the word, hold your hand over the head of the students holding the cards, saying the sound each letter represents as a class. When you arrive to the first letter of the separated digraph, hold one hand over the student holding the vowel card and the other hand over the student holding the magic 'e' card at the same time. You may point out that your arms are making a V-shape similar to what students have seen in the activity pages.

- Repeat this process with the remaining word pairs.
- Allow several different students to take a turn playing the magician with the magic 'e'.

- | | |
|---------------|---------------|
| 1. dim > dime | 5. pin > pine |
| 2. fin > fine | 6. rip > ripe |
| 3. kit > kite | 7. hid > hide |
| 4. rid > ride | |

INTRODUCE THE SOUND /OE/ (10 MIN.)

Hear the New Sound

Note: Remember that this is oral practice. Students are only listening for the /oe/ sound, not seeing the different spellings.

- Tell students that today's sound is /oe/ as in *note*.
- Have students say the /oe/ sound several times.
- Ask students to repeat the following words that have the /oe/ sound at the beginning: *oat, omen, old, ogre*.
- Ask students to repeat the following words that have the /oe/ sound in the middle: *rope, boat, phone, coat, hope*.
- Ask students to repeat the following words that have the /oe/ sound at the end: *snow, toe, grow, blow, no*.

Support

Gather pictures of the words to provide students with visual support.

- Ask students if they think /oe/ is a vowel sound or a consonant sound. (It is a vowel sound, made with an open mouth and an unobstructed flow of air.)
- Tell students that you are going to say a number of words. Some of the words will have the /oe/ sound as their middle sound and some will not.
- Have students close their eyes and listen carefully.
- Tell students to raise their hands when they hear a word that has the /oe/ sound as its middle sound.

Note: You may have students who know that some of the words they listened to earlier, such as *old*, are written with spellings other than 'o_e'. If students point this out, congratulate them for recognizing this and already knowing other spellings for the /oe/ sound. Tell them that they will learn these spellings for /oe/ at a later time, and for now they just have to focus on the 'o_e' spelling.

Support

If students have trouble hearing a word's middle sound, say the word in a segmented fashion: /ch/ ... /oe/ ... /k/. Then repeat the word in its blended form: *choke*.

- | | |
|----------|----------|
| 1. choke | 5. vote |
| 2. hot | 6. boat |
| 3. joke | 7. shout |
| 4. moon | 8. goat |

Check for Understanding

Have students close their eyes and listen carefully. Tell students to raise their hands when they hear a word containing the /oe/ sound.

INTRODUCE THE SPELLING /OE/ > 'O_E' (25 MIN.)

Teacher Modeling

- Tell students that you are going to show them how to write the /oe/ sound.
- Explain that today's spelling is another separated spelling, or magic 'e' spelling, like 'a_e' in *name* and 'i_e' in *time*.
- Write 'o_e' on handwriting guidelines and explain that the two letters work together to stand for the /oe/ sound. Be sure to leave a space between the letters.

- Explain that when you write an actual word, you will fill in the space between the letter 'o' and the letter 'e' with the spelling for the sound that comes after the /oe/ sound.
- Add 'r' and 'p' to make *rope*.
- Read the word and explain that the letters 'o' and 'e' work together to stand for the /oe/ sound even though there is a letter between them.
- Illustrate this by drawing a V-shaped mark connecting 'o' and 'e' (see illustration).
- Point to each spelling in *rope* as you say its sound: "/r/ (point to 'r' with your index finger), /oe/ (simultaneously point to 'o' with your index finger and 'e' with your middle finger), /p/ (point to 'p' with your index finger)."
- Explain that the word *rope* contains four letters ('r', 'o', 'p', 'e') but only three sounds (/r/, /oe/, /p/).
- Now write *note* on the board/chart paper. Explain that this is another example of the 'o'-space-'e' spelling for the /oe/ sound.
- Draw a V-shaped mark under *note* as you did with *rope*. Ask students to read the word.
- Now ask students to help you spell the word *hope*.
- Have students identify the first sound in *hope*. Write an 'h' on the board/chart paper.
- Have students identify the second sound in *hope*.
- Once the /oe/ sound has been identified, write an 'o' on the board/chart paper next to the 'h'.
- Explain that the letter 'o' is the first part of the spelling for the sound /oe/. You will write the second part after you write the spelling for the sound that comes after the /oe/ sound.
- Have students identify the last sound in *hope*. Write a 'p' on the board/chart paper next to the 'o'.
- Explain that if you left the word like this, it would be pronounced *hop*. To spell *hope*, you need to add the letter 'e'.
- Remind students that 'o' and 'e' work together to stand for the /oe/ sound.
- Turn to **Vowel Code Flip Book page 9**. Show students the Spelling Card for 'o_e' > /oe/ (*home*). Discuss the power bar and have a student read the example word. Attach the Spelling Card to the appropriate space.

Code Materials

- Have students turn to **Individual Code Chart page 3**. Have them locate and trace the code information for /oe/ > 'o_e' in green marker.

Vowel Code Flip Book	Individual Code Chart
1. /oe/ > 'o_e' (<i>home</i>) page 9	1. /oe/ > 'o_e' (<i>home</i>) page 3

Present the vowel digraphs taught so far on a chart like this.

ee	weed, bee, feet
a_e	game, fade, name
i_e	pine, five, lime
o_e	rode, hope, vote

- As students look at the spellings they have outlined in green thus far, ask if they see recurring patterns. Be sure to point out that the magic 'e' acts as part of a vowel team with the letters 'a', 'i', and 'o' to change the way that each vowel is sounded in a word. The double 'e' also acts as a vowel team to stand for the /ee/ sound.
- Tell students that whenever the spelling 'o_e' appears on an activity page or in a story for the next few lessons, it will be printed in darker, bolder ink to remind them that the two letters stand for one sound.

Note: It is recommended that in today's lesson you update the chart for the digraphs taught in this unit. As you introduce each new digraph, add a new line and list two or three example words.

PRACTICE /OE/ > 'O_E' (15 MIN.)

Digraph Dictation

- Distribute Activity Page 8.1
- Explain that each thick black line on the page stands for one sound/spelling.
- Have students look at the example at the top of the page.
- Say the word *not*, hold up three fingers, and segment the word, /n/ /o/ /t/.
- Point out that the word *not* contains three sounds and is spelled with three letters.
- Say the word *note*, hold up three fingers, and segment the word, /n/ /oe/ /t/.
- Point out that the word *note* also has just three sounds but is spelled with four letters.
- Draw attention to the V-shaped mark under the word *note*.

Activity Page 8.1

- Explain that the V-shaped mark shows that the letters ‘o’ and ‘e’ are working together even though they are not right next to each other.
- Explain that you will dictate five more word pairs and that you want the students to write the words sound by sound on the lines. As you say and students write each word, use it in an oral sentence.

Support

Show pictures of *rob, robe, hop, hope, dot, dote, mop, mope, slop, and slope* to use as visual support.

Students who have a difficult time segmenting might find it useful to touch parts of their arm (shoulder, elbow, wrist) as they say each sound, then blend through the word starting at the shoulder and swiping downward.

- | | |
|-------------|---------------|
| 1. rob—robe | 4. mop—mope |
| 2. hop—hope | 5. slop—slope |
| 3. dot—dote | |

- Have students trace and copy the words on the back of the activity page. You may have them write the word three times, or more if time permits. Tell the students to say the sounds as they write the spellings.

Match Maker

- Make one copy of the picture/word cards (**Activity Page TR 8.1**) for each student or pair of students.
- Prepare two sets of cards.
- Shuffle the cards and lay them facedown on the table.
- Have students turn over two cards at a time, reading each word, attempting to find matching cards.
- If a student finds a match, he or she can call out “Match,” and keep the cards for the duration of the game.
- Continue until all matches have been found.

Note: Laminate the cards or copy them on card stock for use in later lessons.

Code Knowledge

Before today’s lesson: If students read 1,000 words in a trade book, on average between 510 and 645 of those words would be completely decodable.

After today’s lesson: If students read 1,000 words in a trade book, on average between 516 and 650 of those words would be completely decodable.

Students have now been taught at least one way to write 34 of the 44 sounds in English.

The sound /oe/ is the 28th most common sound in English.

The sound /oe/ is spelled ‘o_e’ approximately 16 percent of the time.

The spelling alternatives ‘o’ as in the word *no*, ‘oe’ as in the word *toe*, ‘ow’ as in the word *know*, and ‘oa’ as in the word *oats* will be taught at a later time.

WARM-UP (10 MIN)

Individual Code Chart and Noun Review

- Tell students that you are going to do a quick review of nouns and vowel sounds using their Individual Code Charts.
- Say, “big cat” and ask a student to listen and then identify the noun. (*cat*)
- Once the noun has been correctly identified, ask a student to tell you the vowel sound in the word *cat*. (/a/)
- Once the vowel sound has been correctly identified, ask a student to find the spelling for the sound on **Individual Code Chart page 1**. Students should then summarize what the class has learned: “We learned to spell the sound /a/ with the letter ‘a’”
- Repeat these steps with the additional phrases below.

| 1. long snake (page 2) | 4. black rope (page 3) |
| 2. sweet grapes (page 2) | 5. two feet (page 2) |

Lesson 9: Nouns

Language

Primary Focus: Students will define what a noun is and will generate a list of examples of nouns in small groups. **TEKS 1.11.D.iii**

NOUN HUNT (10 MIN.)

Note: Students will work in small groups of three to five students for this activity.

- Ask, “What is a noun?” Review that a noun is a person, place, or thing, and that a proper noun names a specific person, place, or thing.
- Tell students that you will set a timer for five minutes. With their group, they will record as many nouns as they can see that are in the classroom. The group or team will earn 1 point for each noun they identify; the team with the most points wins. Tell students that they may not list students’ names. When time is up, they will share their list of nouns with the class. Explain that if they read a noun that another group has also written down, like *desk*, neither team receives a point. The team with the most points for unique nouns wins.

Check for Understanding

Thumbs-Up/Thumbs-Down: As each team shares words from their lists, have students give thumbs-up if they think the word is a noun and thumbs-down if they think the word is not a noun.

TEKS 1.11.D.iii Edit drafts using standard English conventions including singular, plural, common, and proper nouns.

Lesson 9: Review Long Vowels

Foundational Skills

Primary Focus: Students will decode words with the following sound/spellings;

✦ /a/ > 'a', /ae/ > 'a_e', /i/ > 'i', /ie/ > 'i_e', /o/ > 'o', and /oe/ > 'o_e'. **TEKS 1.2.B.i**

POP-OUT CHAINING (10 MIN.)

Large Letter Cards

- Distribute the following Large Letter Cards, reviewing each card's sound as you pass it out: 'm', 'n', 't', 'd', 'p', 's', 'r', 'h', 'l', 'i', 'a', 'o'.
- Pull out the 'e' card and hand it to a student, reminding them of the power of the magic letter 'e'.
- Explain that when you say "Alakazam," the student with the 'e' card is to jump up, lift the card, or turn around to reveal the letter on his or her card.
- Tell students that many of today's words are nonsense words, meaning they are made-up. Tell students this means they will have to listen extra carefully to the sounds of the words.
- Say the word *not* and tell students who are holding cards with spellings in that word to go to the front of the room and stand in the order that spells *not*.
- Tell students that you are going to magically change the vowel sound in the word. Then say "Alakazam!" and have your helper add the large card 'e' to the end of *not* to create *note*.
- Ask, "Even though they aren't side by side in this word, which two letters are working together as team?"
- Have students holding the 'o' and the 'e' step forward and stand side by side.
- Point out that the 'o' and 'e' in the word *note* work together to stand for the sound /oe/.

Note: Pop-out chaining allows for extra practice segmenting words. Start by standing behind students holding the Large Letter Cards. To segment the word, hold your hand over the head of the students holding the cards, saying the sound each letter represents as a class. When you arrive to the first letter of the separated digraph, hold one hand over the student holding the vowel card and the other hand over the student holding the magic 'e' card at the same time. You may point out that your arms are making a V-shape similar to what students have seen in the activity pages.

✦ **TEKS 1.2.B.i** Demonstrate and apply phonetic knowledge by decoding words in isolation and in context by applying common letter-sound correspondences.

- Repeat this process with the remaining word pairs.

Reading

Primary Focus: Students will reread stories from *Gran* with increased accuracy, rate, and expression. **TEKS 1.4**

REREAD STORIES FROM GRAN (30 MIN.)

Note: You may wish to divide the time allocated for small group in order to meet with both groups today. Otherwise, students in Group 2 may read independently or with a partner.

Group 1: Work with students to reread stories from *Gran*. Record students' progress in an Anecdotal Reading Record, noting strengths and weaknesses. Review spellings and punctuation marks in the stories.

Group 2: Have students reread stories from *Gran*. Remind students to use the Individual Code Chart if they have difficulty remembering how to read a vowel spelling.

Reader

Challenge

Have students choose a sentence with a noun from one of the stories in *Gran*, and write and illustrate it on a piece of paper, underlining the nouns in the sentence.

TEKS 1.4 Use appropriate fluency (rate, accuracy, and prosody) when reading grade-level text.

Observation: Anecdotal Reading Record

Use the Anecdotal Reading Record provided in the Teacher Resources section to record notes as you listen to Group 1 students read. Make specific note of any words misread by students, recording the word they said instead; analyze errors later for any specific letter-sound confusions.

- Explain the directions:
 - "We are going to review the vowel spellings you already have learned through a race using your Individual Code Charts. I will tell you a vowel sound. When I say 'go,' I want to see who can find that sound in the Individual Code Chart, raise their hand, and read to me the example word for that sound. I will call on the first student who raises their hand."

Check for Understanding

Note which students demonstrate difficulty with identifying spellings for sounds. Be sure to note whether the student makes errors with short vowels or long vowels.

INTRODUCE TRICKY WORDS: MY, BY (10 MIN.)

Tricky Word: *My*

Note: Remember to add these Tricky Words to your Tricky Word Wall.

- Write the Tricky Word *my* on the board/chart paper, and ask students how they would pronounce it by blending. (They might say /m/ /y/.)
- Explain that this word is actually pronounced /m/ /ie/, as in, “My dog has spots.”
- Point to the letter ‘m’ and explain that it is pronounced /m/, as students might expect.
- Underline the letter ‘y’ and explain that is the tricky part of the word. Students would probably expect the letter to be pronounced /y/, but it is pronounced /ie/.
- Tell students that when reading the word *my*, they should try to remember to pronounce the letter ‘y’ as /ie/. When writing the word *my*, they should try to remember to spell the /ie/ sound with the letter ‘y’.
- Have students copy the word on an index card and underline the tricky part of the word.

Tricky Word: *By*

- Write the Tricky Word *by* on the board/chart paper.
- Explain that this word is pronounced like the Tricky Word *my*. The letter ‘y’ is pronounced /ie/.
- Have students copy the word on an index card and underline the tricky part of the word.

Practice

- Have students take out the index cards they made for previously taught Tricky Words and place them on their desks.
- Explain that you will say one of the Tricky Words and that you want the students to hold up the card for that word.

- Say one of the Tricky Words, and have students hold up the correct card. Have one student say a phrase or sentence that contains the Tricky Word.
- Repeat as often as you deem necessary.
- Have students store the index cards for later use.

Lesson 11: Grammar

Language

Primary Focus: Students will identify nouns that name places in written phrases.

 **TEKS 1.3.D**

IDENTIFY NOUNS THAT NAME PLACES (5 MIN.)

Note: This is an oral activity; students are not expected to read the words/phrases as they are not yet decodable.

- Remind students that they have learned that nouns can name a person, place, or thing.
- Say the phrase “the red house,” and ask students to name the place in the phrase. (*house*)
- When students have given the correct answer, say, “*House* is a place and a word that names a place is a *noun*.”
- Continue with the phrases and sentences below.

 **TEKS 1.3.D** identify and use words that name actions, directions, positions, sequences, categories, and locations.

Lesson 11: Chaining and Tricky Words

Foundational Skills

Primary Focus

Students will identify the following sound/spellings; /ae/ > 'a_e', /ie/ > 'i_e',

✦ /oe/ > 'o_e': **TEKS 1.2.B.iii**

✦ Students will read the following Tricky Words: *so*, *no*, and *some*. **TEKS 1.2.B.vi**

Students will decode and sort words with /o/ > 'o' and /oe/ > 'o_e'.

✦ **TEKS 1.2.B.i; TEKS 1.2.B.iii**

POP-OUT CHAINING (15 MIN.)

Large Letter Cards

- Distribute the following Large Letter Cards, reviewing each card's sound as you pass it out: 'm', 'n', 't', 'd', 'p', 's', 'r', 'h', 'l', 'i', 'a', 'o'.
- Pull out the 'e' card and hand it to a student, reminding them of the power of the magic letter 'e'.
- Explain that when you say "Alakazam!" the student with the 'e' card is to jump up, lift the card, or turn around to reveal the letter on his or her card.
- Say the word *not* and tell students who are holding cards with spellings in that word to go to the front of the room and stand in the order that spells *not*.
- Tell the students that you are going to magically change the vowel sound in the word. Then say "Alakazam!" and have your helper add the large card 'e' to the end of *not* to create *note*. Ask students to read the new word.
- Ask, "Even though they aren't side by side in this word, which two letters are working together as team?"
- Have students holding the 'o' and the 'e' step forward and stand side by side.
- Point out that the 'o' and 'e' in the word *note* work together to stand for the sound /oe/.

Note: Pop-out chaining allows for extra practice segmenting words. Start by standing behind students holding the Large Letter Cards. To segment the word, hold your hand over the head of the students holding the cards, saying the sound each letter represents as a class. When you arrive to the first letter of the separated digraph, hold one hand over the student holding the vowel

card and the other hand over the student holding the magic 'e' card at the same time. You may point out that your arms are making a V-shape similar to what students have seen in the activity pages.

- Repeat this process with the remaining word pairs.
- Allow several different students to take a turn playing the magician and holding the magic 'e' card.

Check for Understanding

For each word in the chain, have students give thumbs-up if they think the word is spelled correctly, or thumbs-down if there is an error.

TRICKY WORD REVIEW (10 MIN.)

Tricky Words: *So* and *No*

- Briefly review the Tricky Words *so* and *no* that were taught in Unit 1. Point out that these are cases where the 'o' spelling is sounded /oe/, not /o/.
- Have students write the Tricky Words on index cards and underline the tricky parts of the words.

Tricky Word: *Some*

- Briefly review the Tricky Word *some*, taught in Unit 1. Point out that in this word, the spelling 'o_e' is not pronounced /oe/ but /u/.
- Have students write the word *some* on an index card and underline the tricky part of the word.

Practice

- Have students place the index cards for *so*, *no*, and *some* in front of them. Say one of the Tricky Words and have students hold up the correct card. Have one student say a phrase or sentence that contains the Tricky Word.

Support

Partner students to practice reading their Tricky Word cards together, having each student take a turn being "teacher" and "student" ("teacher" flashing the words, "student" reading the words, and then switching roles).

WORD SORT (15 MIN.)

Small Group

- Distribute Activity Page 11.1.
- Explain that the words in the box contain the sound /o/ spelled 'o' or the sound /oe/ spelled 'o_e'.
- Have students take turns reading the words aloud in the word box.
- As a class, review the spelling 'o' for /o/ and the spelling 'o_e' for /oe/ in the words in the box.
- At this point, you will break into small groups and students will finish the activity page with you or independently.

Group 1: Have students work with you to complete the activity page. You may also wish to use this time to listen to each student read aloud.

Group 2: Ask students to complete the activity page either independently or with a partner. Students who finish early may reread stories from *Gran*.

- Have the Spelling Card listed in the Lesson at a Glance chart, Individual Code Charts, and green markers readily available for Introduce the Spelling /ue/ > 'u_e'.
- Prepare to add today's sound, /ue/, to the Vowel Digraph Chart.

Reading

- Load the story "Fuzz and Mel" from the Teacher Resources on the program's digital components site or prepare to display the *Gran Big Book*.

Universal Access

- Gather the following pictures to use for support during Introduce the Sound /ue/: *cute, cube, few, pew*.
- Gather pictures of a *cub, cube, tub, tube, us*, and *use* to provide visual support for students during Practice /ue/ > 'u_e'.

Lesson 12: /ue/ > 'u_e'

Foundational Skills

Primary Focus

- Students will identify the /ue/ sound in spoken words. **TEKS 1.2.A.vii**

Students will read and write one-syllable words with /u/ > 'u' and the vowel

- digraph /ue/ > 'u_e'. **TEKS 1.2.B.iii**

INTRODUCE THE SOUND /UE/ (10 MIN.)

Hear the New Sound

Note: Remember, this is oral practice. Students are only listening for the /ue/ sound, not seeing the different spellings.

The sound /ue/ is a combination of the sounds /y/ and /oo/. You should be aware of this, but students do not necessarily need to know this.

- Tell students that today's sound is /ue/ as in *cute*.
- Have students say the /ue/ sound several times.
- Ask students to repeat the following words that have the /ue/ sound at the beginning: *you, use*.
- Ask students to repeat the following words that have the /ue/ sound in the middle: *cute, cube, mute*.
- Ask students to repeat the following words that have the /ue/ sound at the end: *cue, few, pew*.
- Ask students if /ue/ is a vowel sound or a consonant sound. (It is a vowel sound, made with an open mouth and an unobstructed airflow.)
- Tell students that you are going to say a number of words. Some of the words will have the /ue/ sound as their middle sound and some will not.
- Have students close their eyes and listen carefully.
- Tell students to raise their hands when they hear a word that has the /ue/ sound as its middle sound.

Support

If students have trouble hearing a word's middle sound, say the word in a segmented fashion: /k/ . . . /ue/ . . . /t/. Then repeat the word in its blended form: *cute*.

- TEKS 1.2.A.vii** Demonstrate phonological awareness by segmenting spoken one-syllable words of three to five phonemes into individual phonemes, including words with initial and/or final consonant blends; **TEKS 1.2.B.iii** Demonstrate and apply phonetic knowledge by decoding words with closed syllables; open syllables; VCe syllables; vowel teams, including vowel digraphs and diphthongs; and r-controlled syllables.

Note: You may have students who know that some of the words they listened to earlier, such as *you*, are written with spellings other than ‘u_e’. If students point this out, congratulate them for recognizing this and already knowing other spellings for the /ue/ sound. Tell them that they will learn these spellings for /ue/ at a later time, and for now they just have to focus on the ‘u_e’ spelling.

1. hat	4. red
2. cube	5. mutt
3. mute	6. mule

Support

Gather pictures of the words listed to provide students with visual support.

Check for Understanding

Have students close their eyes and listen carefully. Tell them to raise their hands when they hear a word containing the /ue/ sound.

INTRODUCE THE SPELLING /UE/ > ‘U_E’ (15 MIN.)

Teacher Modeling

- Tell students you are going to show them how to write the /ue/ sound.
- Explain that today’s spelling is another separated spelling like the ‘a_e’ in *name*, the ‘i_e’ in *time*, and the ‘o_e’ in *note*.
- Write the spelling ‘u_e’ on handwriting guidelines and explain that both letters work together to stand for the sound /ue/. Be sure to leave a space between the letters.
- Explain that when writing an actual word, students will fill in the space between ‘u’ and ‘e’ with the spelling for the sound that comes after the /ue/ sound.
- Add ‘c’ and ‘b’ to make *cube*.
- Read the word and explain that the letters ‘u’ and ‘e’ work together to stand for the /ue/ sound even though there is a letter in between them.
- Illustrate this by drawing a V-shaped mark connecting ‘u’ and ‘e’ (see illustration).

- Point to each spelling in *cube* as you say its sound: “/c/ (point to ‘c’ with your index finger), /ue/ (simultaneously point to ‘u’ with your index finger and ‘e’ with your middle finger), /b/ (point to ‘b’ with your index finger).”
- Explain that the word *cube* contains four letters (‘c’, ‘u’, ‘b’, ‘e’) but only three sounds (/k/, /ue/, /b/).
- Write *mule* on the board/chart paper. Explain that this is another example of the ‘u’-space-‘e’ spelling for the /ue/ sound.
- Draw a V-shaped mark under *mule* as you did with *cube*. Ask students to read the word.
- Ask students to help you spell the word *cute*.
- Have students identify the first sound in *cute*. Write ‘c’ on the board/chart paper.
- Have students identify the second sound in *cute*.
- Once the /ue/ sound has been identified, write a ‘u’ on the board/chart paper next to the ‘c’.
- Explain that the letter ‘u’ is the first part of the spelling the sound /ue/. You will write the second part after you write the spelling for the sound that comes after the /ue/ sound.
- Have students identify the last sound in *cute*. Write a ‘t’ on the board/chart paper next to the ‘u’.
- Explain that if you left the word like this, it would be pronounced *cut*. To spell *cute*, you need to add the letter ‘e’.
- Remind students that ‘u’ and ‘e’ work together to stand for the /ue/ sound.
- Turn to **Vowel Code Flip Book page 10**. Show students the Spelling Card for /ue/ > ‘u_e’ (*cute*). Discuss the power bar and have a student read the example word. Attach the Spelling Card to the appropriate space.
- Have students turn to the **Individual Code Chart page 3**. Have them locate and trace the code information for /ue/ > ‘u_e’ in green marker and read the example word.

Code Materials

Vowel Code Flip Book	Individual Code Chart
1. /ue/ > ‘u_e’ (<i>cute</i>) page 10	1. /ue/ > ‘u_e’ (<i>cute</i>) page 3

- Tell students that whenever the spelling ‘u_e’ appears on an activity page or in a story for the next few lessons, it will be printed in darker, bolder ink to remind them that the two letters stand for one sound.

Note: It is recommended that in today’s lesson you update the chart for the digraphs taught in this unit.

ee	weed, bee, feet
a_e	game, fade, name
i_e	pine, five, lime
o_e	rode, hope, vote

PRACTICE /ue/ > ‘U_E’ (10 MIN.)

Digraph Dictation

- Distribute Activity Page 12.1. Explain that each thick black line on the page stands for one sound/spelling.
- Have students look at the example at the top of the page.
- Say the word *cut*, hold up three fingers, and segment the word, /k/ /u/ /t/.
- Point out that the word *cut* contains three sounds and is spelled with three letters.
- Say the word *cute*, hold up three fingers, and segment the word, /k/ /ue/ /t/.
- Point out that the word *cute* also contains three sounds but is spelled with four letters.
- Draw attention to the V-shaped mark under the word *cute*.
- Explain that this mark shows that the letters ‘u’ and ‘e’ are working together even though they are not right next to each other.
- Explain that you will dictate more word pairs and that you want students to write the words sound by sound on the lines. As you say and students write each word, use it in an oral sentence.

1. cub—cube
2. tub—tube
3. us—use

Primary Focus: Students will identify nouns in the story “Fuzz and Mel,” identify if the nouns are proper nouns, and explain why the nouns are proper or common.

TEKS 1.11.D.iii

WARM UP (5 MIN.)**Noun Hunt**

- Tell students to take out the *Gran Reader* and turn to “Fuzz and Mel” (page 46). Ask them to find nouns that name a thing and share them with the class. You may record their answers on the board/chart paper in a chart. Next, ask them to find nouns that name a person, and record their answers on the board/chart paper. Ask students to identify whether any of the nouns are proper nouns and why. Tell students that although nouns can also name a place, there are no types of these nouns in the story.

**Check for Understanding**

Ask students to explain how they knew that word was a noun.

INTRODUCE TRICKY WORD: YOU (5 MIN.)

Tricky Word: *You*

Note: Please remember to add this Tricky Word to your Tricky Word Wall.

- Write the Tricky Word *you* on the board/chart paper and ask students how they would pronounce it by blending. (They may say something like /y/ /o/ /u/.)
- Explain that this word is actually pronounced /y/ /oo/, as in “*You* are in first grade.”
- Point to the letter ‘y’ and explain that it is pronounced /y/, as they might expect.
- Underline the letters ‘o’ and ‘u’ and explain that they are the tricky part of the word. They would probably expect these letters to be pronounced /o/ /u/, but they are pronounced /oo/.
- Tell students that when reading *you*, they should try to remember to pronounce the letters ‘o’ and ‘u’ as /oo/.
- Tell students that when writing *you*, they should try and remember to spell the /oo/ sound with the letters ‘o’ and ‘u.’
- Have students copy the word on an index card and underline the tricky part of the word.

Note: Some students may notice that the word *you* is pronounced like the /ue/ sound they have been studying. If they notice this, compliment them on their listening skills.

Lesson 13: “The Sweet Shop”

**Primary Focus**

Students will read decodable phrases with accuracy and understanding.

**TEKS 1.4**

Students will read and write the Tricky Word *your*. **TEKS 1.2.B.vi**

WIGGLE CARDS (5 MIN.)

Note: Wiggle Cards can be used anytime students need a quick break. You may use Wiggle Cards from previous lessons, and add to the set in the future.

- Show students a Wiggle Card, have them read it, and let them perform the action on the card.
- Continue with the remaining cards.

INTRODUCE TRICKY WORD: YOUR (5 MIN.)**Tricky Word: *Your***

Note: Remember to add the Tricky Word to your Tricky Word Wall.

- Write the Tricky Word *your* on the board/chart paper and ask students how they would pronounce it by blending.
- Explain that this word is actually pronounced /y/ /or/ as in “*Your* bike is so fast!”
- Point to the letter ‘y’ and explain that it is pronounced /y/, as students would probably expect.
- Underline the letters ‘o’ ‘u’ ‘r’ and explain that they are the tricky part of the word. Students would probably expect these letters to be pronounced /o/ /u/ /r/, but they are pronounced /or/.
- Tell students that when reading *your*, they have to remember to pronounce the letters ‘o’ ‘u’ ‘r’ as /or/.
- Tell students that when writing *your*, they have to remember to spell the /or/ sound with the letters ‘o’, ‘u’, and ‘r’.

Support

Partner students to practice reading their Tricky Word cards together, having each student take a turn being “teacher” and “student” (“teacher” flashing the words, “student” reading the words, and then switching roles).

TEKS 1.4 Use appropriate fluency (rate, accuracy, and prosody) when reading grade-level text; **TEKS 1.2.B.vi** Demonstrate and apply phonetic knowledge by identifying and reading at least 100 high-frequency words from a research-based list.

- Have students copy the word on an index card and underline the tricky part of the word.
- Have students store the index card for later use with their other Tricky Words.

TRICKY WORD BASEBALL (20 MIN.)

- Divide the class into two teams, having one team at a time come to line up at the board/chart paper. (You may choose to have students stay seated and divide the class into teams by the manner in which they are seated.) Each team takes a “turn at bat.”
- Set a timer for twenty minutes and tell students that whichever team has the most runs when the timer rings is the winning team. Point out that accuracy is important, so they have to be careful reading the words. At the same time, speed is also important, so they must pay close attention. The more turns each team member has to read words, the more likely their team is to score runs.
- Show a Tricky Word card and ask the first person on the team to read it aloud. If the word is read correctly, draw a line from home plate to first base, signifying a “hit.” This player then goes to the back of the team’s line, while the next player comes forward to read the next card. If the word is correctly read, draw a line from first to second base. Play continues this way. If the fourth player reads the word correctly, draw a line from third base to home plate and mark “1 run” for the team. Play continues for the team so long as no words are misread; when a word is misread, the next team takes its turn at bat.

Check for Understanding

Note which students demonstrate difficulty in reading Tricky Words during the game. Be sure to note whether the student makes errors on decodable parts of the words or tricky parts of the words.

Lesson 14: Reread Stories from *Gran*

Reading

Primary Focus: Students will reread stories from *Gran* with increased accuracy, appropriate rate, and expression; and will review the spellings and punctuation marks used in the stories. **TEKS 1.4**

REREAD STORIES FROM GRAN (30 MIN.)

Note: You may wish to divide the small group time in order to meet with both groups.

Group 1: Work with students to reread from *Gran*. Record students' progress in the Anecdotal Reading Record. Review spellings and punctuation marks in the stories.

Group 2: Have students reread stories from *Gran*. Remind students to use the Individual Code Chart if they have difficulty remembering how to read a vowel spelling.

Observation: Anecdotal Reading Record

Use the Anecdotal Reading Record provided in the Teacher Resources section to record notes as you listen to Group 1 students read. Make specific note of any words misread by students, recording the word they said instead; analyze errors later for any specific letter-sound confusions.

TEKS 1.4 Use appropriate fluency (rate, accuracy, and prosody) when reading grade-level text.

Monitor students' performance as you call on individual students to spell the Tricky Words. Be sure to note whether the student makes errors on decodable or tricky parts of each word.

Support

Prior to beginning the spelling bee, partner students to practice reading and spelling previously taught Tricky Words together, having each student take a turn being “teacher” and “student” (“teacher” flashes the words, “student” reads the words and spells the words, and then they switch roles).

Tricky Word Bingo

- Copy and provide a Bingo board (**Activity Page TR 17.1**) and **nine tokens** to each student.
- Make a copy of the word cards for your use (**Activity Page TR 17.2**) and cut the word cards apart.
- As word cards are selected and read, students search for the word on their game board.
- Ask students to put their finger on the word if they find it and read it aloud to confirm they are correct before covering the space.
- When students are incorrect, use the opportunity to address the confusion.
- When students are correct, ask them to explain how they selected their answer.
- The game may be played until one or all students get three spaces covered in a row, or until one or all students get “blackout” (covering the entire board).

Race to the Top

Activity Page 18.2

If you have students who score **below 3 out of 5** on this assessment, look for opportunities during the remainder of the unit to have these students read “Saved by the Bells” aloud to you. Try to determine whether the comprehension errors are a function of poor decoding skills.

If a student performs poorly on both the Word Recognition and Reading Comprehension Assessments, practice reading words with specific digraphs.

If, however, a student does well on the Word Recognition Assessment but poorly on the Reading Comprehension Assessment, he or she may need more opportunities rereading stories to build fluency and automaticity. Consider having this student practice reading the remaining stories in *Gran* several times before completing the related Pausing Point comprehension activity pages.

This is the end of Unit 2. Please pause here and spend additional time (2 or 3 days) reviewing the material taught in Unit 2. You can have students do any combination of the exercises listed below. Exercises that were part of the Additional Support lessons are listed here only by name with reference to their respective lessons. All other exercises have full descriptions.

You may find that different students need extra practice with different objectives. It can be helpful to have students focus on specific exercises in small groups.

BLEND AND SEGMENT WORDS

Relay Blending

- Divide the class into two teams and have each team form a line.
- Say a segmented word (e.g., /b/ . . . /ie/ . . . /k/), and ask the first student in each line to blend it.
- The student who is first to blend the word correctly gets a point for his or her team. Both students should then move to the back of their respective lines.
- If neither student can blend the word correctly, have both students move to the back of their respective lines and let the next students in line take a turn.

Sound Hopscotch

- Firmly affix spellings from this unit to the floor of your classroom in a daisy pattern.
- The center of the daisy should be a spelling for a vowel sound reviewed in this unit (e.g., 'a_e'). The petals of the daisy should be spellings for consonant sounds (e.g., 't', 'p', 'm', 'g', and 'n'). Tape the spellings securely to the floor.
- Give a student a starting point such as the picture of the /t/ sound ('t'). Ask the student to create a real or silly word by jumping to the center spelling, then to a petal spelling, and then back to the vowel sound. This is to show the student that the second part of the vowel digraph follows the spelling for the consonant sound. Possible words are *tape*, *tame*, *pane*, *mate*, *mane*, *gate*, *gape*, *game*, *Nate*, *nape*, *name*.
- Make sure that the student says the sounds that the spellings stand for as he or she is jumping on them.
- The other students should blend the word after the jumping student has come to a halt.
- You can also play this game outside on the playground.

RECOGNIZE AND ISOLATE THE SOUNDS TAUGHT IN UNIT 2

Sound Search

- Say one of the sounds reviewed in this unit and ask students to find an object in the classroom that begins with that sound.
- Help students find the first object.
- When a student has found an object, have him or her show it to the other students and say its name.

Guess the Sound!

- Whisper a “secret sound” to one student and ask him or her to find an object in the classroom that begins with that sound.
- When the student points to the object, have the other students guess what the “secret sound” was.

Sound Riddles

- Tell students that you are going to say some riddles, each of which has an answer that contains the /ee/ sound.
- Have students listen and answer.
- Repeat with riddles for the remaining sounds reviewed in Unit 2.
- **Variation:** For a change of pace, make this a “teacher challenge.” Ask students to think of a word that contains one of the target sounds and give you a hint.

RECOGNIZE THE SPELLINGS TAUGHT IN UNIT 2**Sound/Spelling Review with Large Cards**

- Distribute all or some of the Large Letter Cards for previously taught sound/spellings. Be sure to include the vowel sounds reviewed in this unit.
- Tell students that you will call out sounds and that you want the student with a spelling for that sound to run to the front of the room and hold up the card.
- Note that for some sounds more than one student will get up because of spelling alternatives (e.g., 'ck' > /k/).

Sound/Spelling Review with Individual Code Charts

There are many ways to use the Individual Code Charts for review. Here are some ideas:

- Say one of the new vowel sounds and ask students to show you the spelling for the sound.
- Ask students to show you the vowel spellings that are separated by a consonant sound in a word.

Spelling Bingo

Note: On the Internet you can find free Bingo card generators.

- Make Bingo cards with the spellings reviewed in Units 1 and 2.
- Write the same spellings on paper slips and put them in a box.
- Give each student a Bingo card and playing pieces.
- Explain that you will pull spellings from the box and that you want students to put a playing piece on top of that spelling if it is on their Bingo card.
- Explain that when all spellings on a student's card are covered, that student should say, "Bingo!"

Spellings taught in Units 1 and 2:

1. 'i', 'e', 'a', 'o', 'u'
2. 'ee', 'a_e', 'i_e', 'o_e', 'u_e'
3. 'm', 'n', 't', 'd', 'c', 'k', 'g', 'f', 'v', 's', 'z', 'p', 'b', 'l', 'r', 'h', 'w', 'j', 'y', 'x'

Cut Up Digraphs

- Write the digraphs for /ae/, /ie/, /oe/, and /ue/ on cards, leaving out the space between the two letters of each digraph (e.g., 'a_e', 'i_e').
- Have students cut the digraphs apart and explain that the letters still work together.
- Then have students use string or tape to reconnect the two letters of each digraph, leaving a space between the individual letters. Have students give the sound for each separated digraph.

Highlight Digraphs

- Write a number of decodable words that contain the digraphs reviewed in this unit on a sheet of paper.
- Ask students to read the words and highlight the letters of each digraph.
- **Extension:** Have students connect the separated digraphs with a V-shaped mark.

Step Sounds

- Firmly affix two rows of five to eight squares on the floor and have a student stand at the head of each row.
- Hold up a spelling for the first student and ask him or her to say the sound. If the student says the correct sound, he or she moves one square forward.
- Repeat this process, alternating between the two students.

WRITE THE SPELLINGS TAUGHT IN UNIT 2

Sound Dictation

- Have students take out pencils and paper.
- Give out up to twenty Large Letter Cards for the sound/spellings reviewed in Units 1 and 2. Be sure to include the vowel spellings reviewed in Unit 2.

- Say a sound and tell the student with the Large Letter Card for that sound to stand up.
- Have the other students write the spelling on their paper.
- Encourage students to draw the spelling with their finger on their desk before drawing it on paper.

- Think of a decodable word that you can spell using the spellings shown, but do not tell the class your word.
- Tell students how many sounds are in your word.
- Invite students to guess the word by asking whether or not it contains specific sounds.
- If students ask about a sound that is in the word, move that spelling or spellings to the middle of the pocket chart. If there are spelling alternatives for that sound, ask students to pick the spelling. Correct if necessary.
- Continue until the word has been spelled in the center of the pocket chart.
- Repeat with additional words.

Fishing Pond

TRICKY WORD FAMILY LETTER

Dear Family Member,

In this unit, your child will continue to learn new Tricky Words. Tricky Words are words that do not follow the rules for encoding that your child has learned, so he or she simply must learn and remember them. The tricky parts of each word are underlined. Your child will be taught to read the following new words at Tricky Words: *he*, *she*, *be*, *me*, *we* (Lesson 2), *they*, *their* (Lesson 5), *my*, *by* (Lesson 10), *you* (Lesson 13), and *your* (Lesson 14). You are being provided with flash cards that include the new words learned in this unit. Your child should already be able to read all of the other Tricky Words on the flash cards successfully at the beginning of this unit, as they were taught in earlier units.

Please have your child cut apart the flash cards. In order to build increasingly rapid, automatic recognition of these words, show the cards to your child in random order and have him or her read them to you as quickly as possible several time each week.

TRICKY WORD ASSESSMENT RECORD: BEGINNING AND END OF UNIT 2

This is an optional assessment of previously taught Tricky Words. At the beginning of Unit 2, show the student the Tricky Word list that follows this record.

Ask the student to read each word on the list from left to right, top to bottom. Provide students with either a blank sheet of paper or card stock to place on the word list page directly under the row to be read. As students complete a row, they can slide the paper down just enough to read the next row.

Record each student's performance in the following chart, using + to indicate that the word was read correctly and – to indicate the word was read incorrectly; if the student misreads a completely different word, record the word read by the student. Mark as incorrect any word that the student does not read within 3–5 seconds.

Dear Family Member,

Your child has been taught to read the Tricky Words *he, she, me, they,* and *their*. In addition, your child has learned to read words with the separated digraph 'a_e', as in *bake*. Tricky Words are hard to read because they contain parts that are not pronounced the way one would expect. Words with separated digraph 'a_e' can be challenging to read because the reader has to recognize that the letters 'a' and 'e' are separated by a consonant, but they still work together to make a vowel sound.

Have your child first read the Tricky Words in the box and then the sentences below. Your child will need to figure out which Tricky Word makes sense in each sentence. Note that the tricky parts are underlined. Then have your child write the correct Tricky Word for each sentence on the line.
