Flip Book Introduction

This Flip Book contains images that accompany the Teacher Guide for *Reach for the Stars: Astronomy*. The images are in sequential order. Each image is identified by its lesson number, Read-Aloud letter (A or B), and the number of the image within the particular Read-Aloud. For example, the first image in Read-Aloud 1A is numbered 1A-1. Once you have worked your way through the book to the last page, you will flip the entire book over to view the second half of the images.

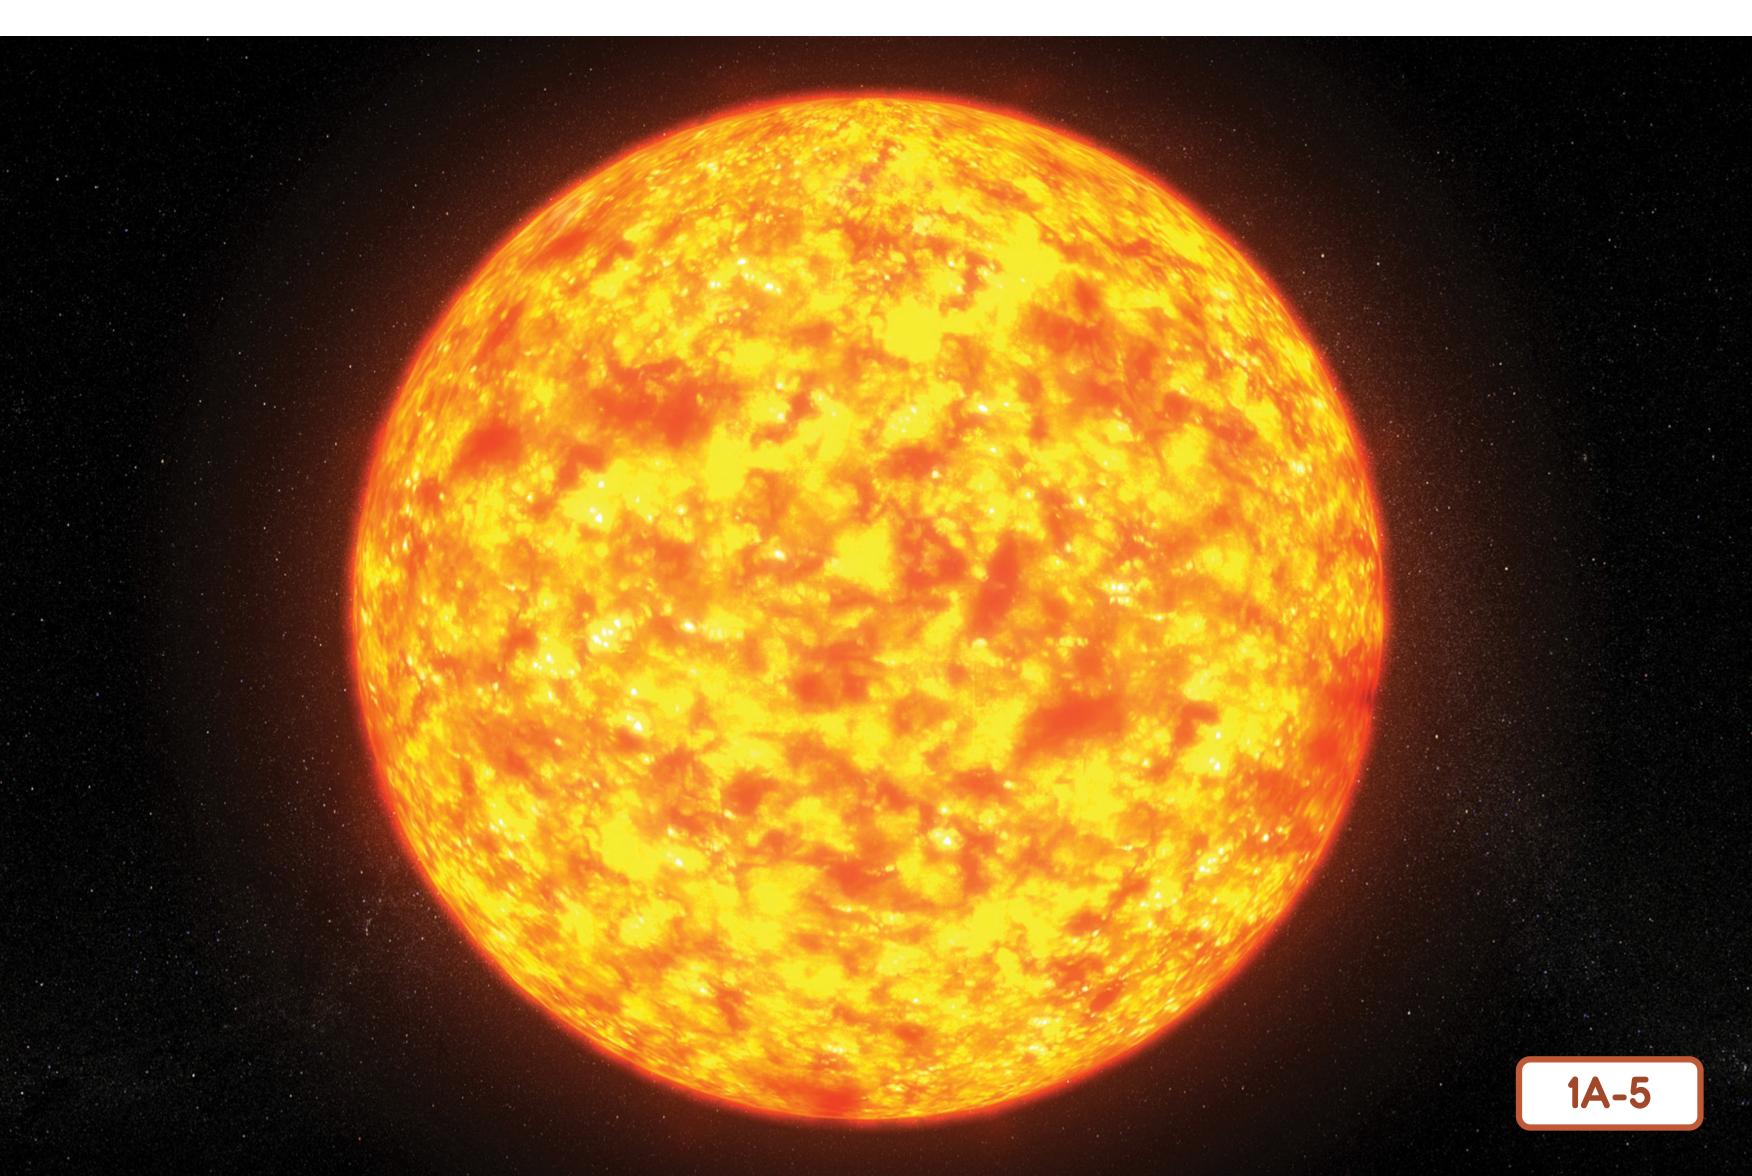

Depending on your classroom configuration, you may need to have students sit closer to the flip book in order to see the images clearly.

'So Close, Yet So Far,' SighsCape U.S. Had Hoped For Own Launch

CAPE CANAVERAL, Fla. (AP) - The Redstone rocket which the United States had hoped would boost the first man into space stands on a launching pad here. The Soviet Union beat its firing date by at least two weeks.

"So close, yet so far," commented a technician who is helping groom the Redstone to send one of America's

astronauts on a short suborbital flight, hopefully

By the Soviet account, Maj. Yuri Alekseyv spaceship once around the earth in an orbit was in the air a total of an, **VON BRAUN'S REACTION:** hour and 48 minutes.

Orbits Globe In 5-Ton Ship

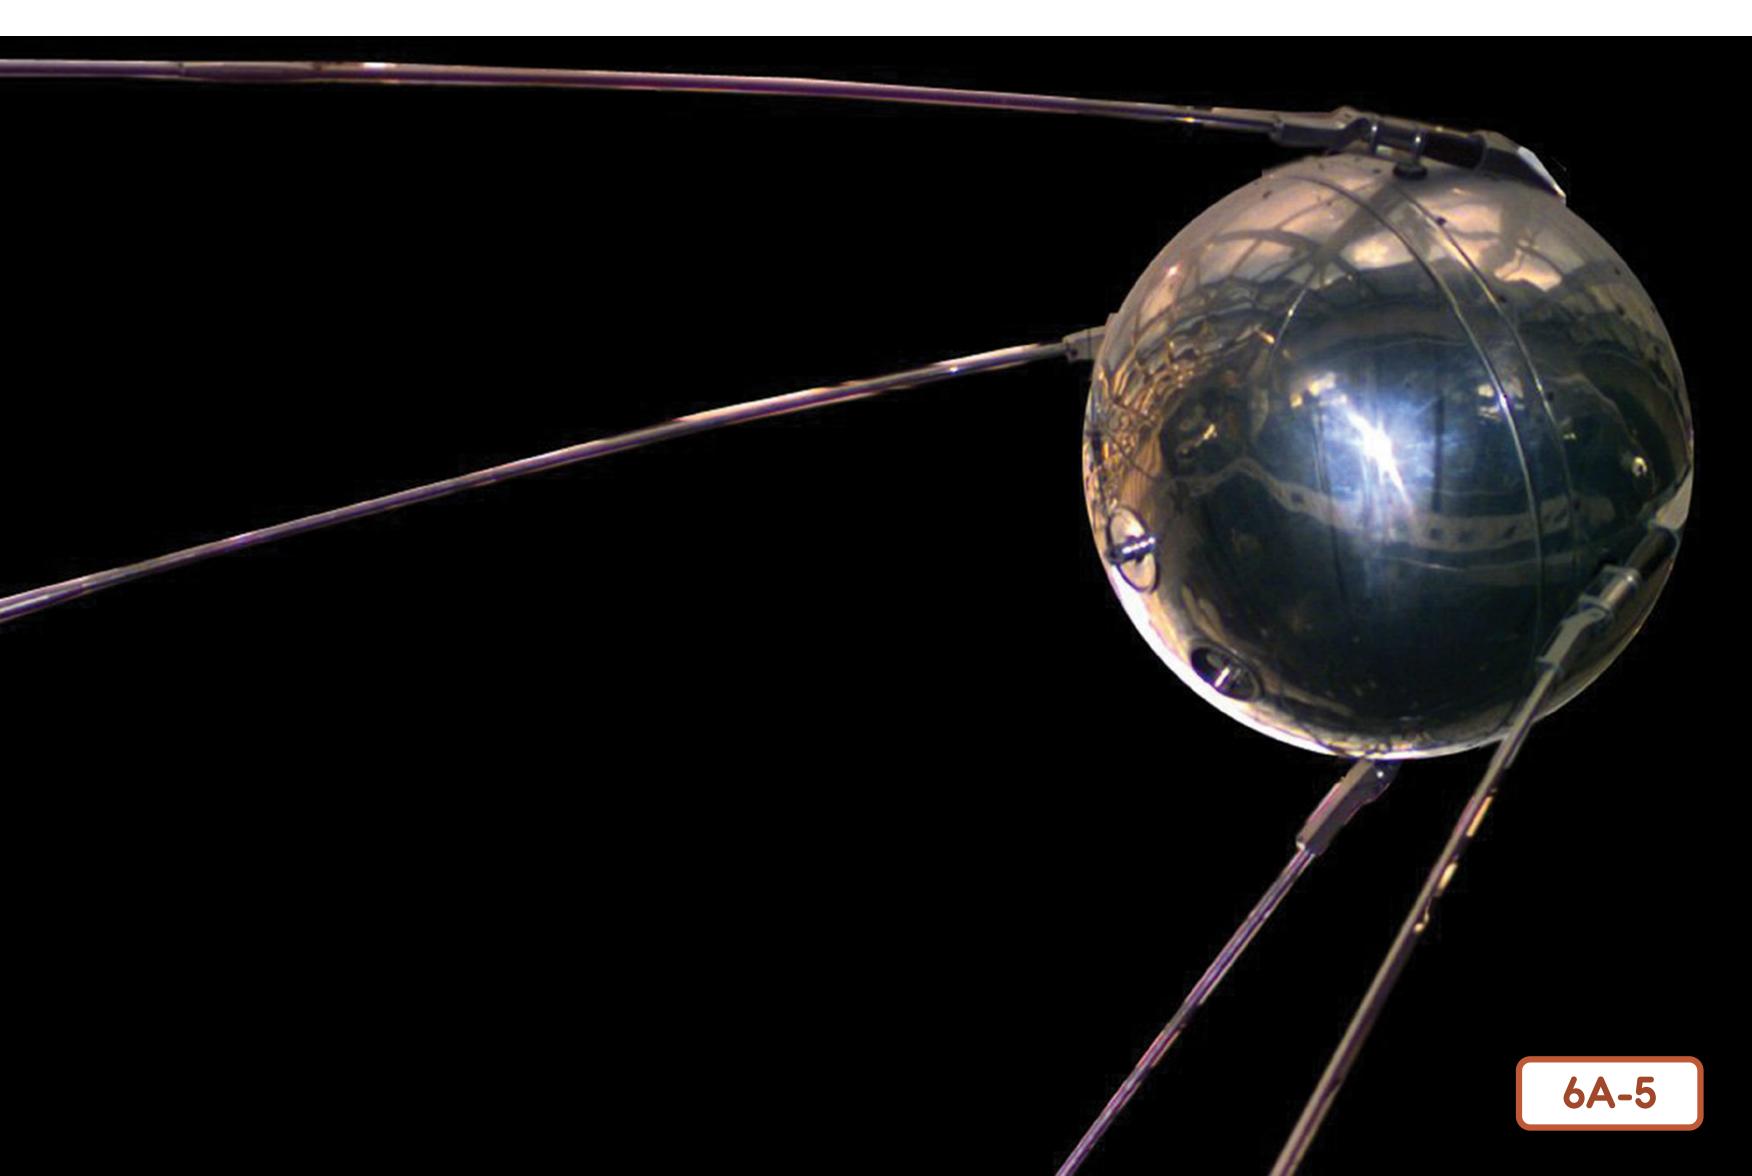

Maximum Height Reache Reported As 188 Miles

MOSCOW (AP)-A Soviet astronaut has orbited the globe for more that hour and returned safely to receive the plaudits of scientists and political le alike. Soviet announcement of the feat brought praise from President Ken and U. S. space experts left behind in the contest to put the first man into cessful space flight.
