

Maximizing impact: Data-informed remediation with the ARG for K-2 teachers

Note: To get the most benefit from this session, educators should bring class data from a recent benchmark/unit assessment, or class data from a Universal Screener/diagnostic assessment.

Agenda	Objectives
Welcome	By the end of this session, participants will be able to: <ul style="list-style-type: none">• Explain when and how remediation takes place in Amplify CKLA.• Identify the components of the <i>Assessment and Remediation Guide</i> (ARG), and confidently navigate these guides to support all learners.• Create and refine small-group remediation instructional plans using the ARG to enhance student learning.
Remediation in Amplify CKLA <ul style="list-style-type: none">• What does it look like?• Science of Reading• Using data to inform instruction	
The ARG <ul style="list-style-type: none">• Components of the ARG<ul style="list-style-type: none">◦ Introduction to components◦ Time to explore and locate components◦ Determining student need• Navigating the ARG<ul style="list-style-type: none">◦ Navigation scavenger hunt	
Plan data-informed instruction <ul style="list-style-type: none">• Walk through of creating a plan• Work session 1: Participants plan a lesson using the ARG• Work session 2: Participant plan a lesson using the ARG based on a scenario
