Writing: Improving through feedback

AmplifyELA

Agenda	Objectives
Welcome	**By the end of this session, participants will be able to:**
Writing in Amplify • Writing routines • Pre-writing & writing activities • Supporting all learners • Types of feedback	• explain how each feedback tool in Amplify supports increased student writing • use various forms of feedback in my classroom to support student growth in writing:
Written comments • Classwork • Quality feedback • Targeted written feedback: PSI • Responding like a reader • Implementing feedback cycles • Learning lab: Providing written comments	○ Create a Spotlight of student work ○ Find over the shoulder conference teacher prompts ○ Leave a written comment ○ Plan a revision assignment
Over the shoulder conferences • Providing feedback in real time • Practice: Locating on-the-fly supports	
Spotlight • Showcasing student work • Learning lab: Create a spotlight wall	
Sharing • Student supports • Establishing a classroom culture • Learning lab: Flex day revision assignments	
Revision assignments • Applying feedback • Flex days	
Wrap-up
