

Program overview for interventionists: Online course

This document provides information about content and preparation for the mCLASS Intervention program overview course for interventionists.

Description

This course will prepare teachers delivering mCLASS Intervention lessons to lead the lessons and complete the assessments that drive the program. Upon successful completion of this course, interventionists will be prepared to implement mCLASS Intervention with their students.

The course includes seven self-paced modules and will take approximately 3 hours to complete. To successfully pass the course and generate a certificate of completion, learners must achieve a minimum score of 80% on the check for understanding questions and visit 80% of the course pages. Learners will be able to access and revisit this course as needed for up to one year.

Objectives

Upon completion of this course, learners will be able to:

- Navigate the mCLASS Intervention program.
- Describe what teaching and learning look like in mCLASS Intervention.
- Apply the program design principles to prepare to teach.
- Identify the role that assessments play in the mCLASS Intervention lesson cycles.
